LEGEND (lej-end) is a narrative of human actions that are perceived both by teller and listeners to take place within human history and to possess certain qualities that give the tale verisimilitude. Legend, for its active and passive participants, includes no happenings that are outside the realm of "possibility", defined by a highly flexible set of parameters, which may include miracles that are perceived as actually having happened, within the specific tradition of indoctrination where the legend arises, and within which it may be transformed over time, in order to keep it fresh, vital, and realistic.

Legend Waterfowl isn't just another guided hunting trip. We know that it's not all about the hunting as much as it's about the time we get to share with friends and family while enjoying a great hunt. We spend thousands of hours making sure that your experience is a LEGEND.

Description: The youth hunter and his/her family are invited to arrive on the evening before the Oklahoma "Youth Deer Gun (Antlered)" season (usually mid-October). The young hunter will receive a fully-guided hunt, including any whitetail buck up to 140" (hunting may take place inside and/or outside the high-fenced area, as the guide directs). Hunting is conducted from first-class "Ranch King" blinds located near food plots, feeders, or other prime spots. The young hunter and his family will enjoy the full hospitality of the ranch (lodging, meals, and trail-riding on ATVs) for the duration of their stay. Parents and siblings may also hunt at prevailing rates.

The young hunter is expected to have opportunity at a 140-class buck!

This exciting adventure will be captured in HD video and custom edited by award winning videographer and video editor Bo Newsom. Bo Newsom has produced, edited and filmed for dozens of national, top rated outdoor television programs including Mossy Oaks Hunting The Country, Bass Pro Shops Outdoor World Hunting TV and Paul Newsom's Great Outdoors. Bo is a former Sr. Television producer for Cabela's TV, The World's Foremost Outfitter. Newsom's work has aired on The Outdoor Channel, V.S., ESPN, National Geographic Channel, Pursuit Channel, The Sportsman's Channel and Wild TV in Canada. This is one hunt that will be enjoyed year after year, generation after generation!

As an added bonus taxidermy work for a shoulder mount of the buck will be included.

The young hunter must have passed the Oklahoma hunter safety training program and be properly licensed to hunt deer in the "Youth Deer Gun (Antlered)" season before arriving at the ranch. The only other expense not included is a gratuity for the guide.

Parents and siblings may relax and enjoy the accommodations, or ride ATVs.

On a controlled basis, as advised by the guide, family members may observe the youth's hunt. Family members may also enjoy the great hunting themselves, at current rates.

FLYFISH THE MOST BEAUTIFUL RIVERS AND LAKES IN THE WORLD!

The Adventure: 5 Days of some of the best fly fishing you will ever do. You pick the adventure. Normally \$5K

When: Any Monday through Friday from Jul to September 2012. Day 1 Ride in. Day 2-4 Fish. Day 5 Ride Out. (Coordination Required).

Who: You of course :) Bring some friends along for \$3500 per guest, up to 5.

Where: The rivers and lakes of North Central Wyoming.

Not Included: Transportation, Wyoming Fishing License, and Face Cream for those smile wrinkles you will gain.

Fly fishing in the backcountry of Wyoming is a phenomenal experience with blue ribbon caliber trout fly fishing, spectacular scenery and first class camps, with access to more than 15 alpine lakes and endless miles of rivers and streams. These waters are home to California Golden Trout, Yellowstone Cutthroat, German Browns, Rainbow Trout, Cuttbows, Brooke Trout, and Lake Trout. No matter the location, we will put you in the middle of frenzied top water trout action. Our unique location allows us to sight cast to fish that are not line shy and more than willing to gobble many assorted dry flies during the summer. *Many of our clients will experience 70-fish days with a good number approaching 22 inches.* This is truly a top water experience.

We do these Adventures based on your Adventureness :) You choose the style of fishing/housing you wish:

Level 1: Stay in a local lodge or hotel and get picked up and taken to many of the local streams and lakes of Wyoming. This is a very easy adventure but one you will surely remember for the fishing, site seeing and hospitality of Wyomans. Wade in the streams and rivers around Ten Sleep Wyoming.

Level 2: Horse back into the wilderness of Wyoming in the lower elevations. 2 - 3 mile ride in to a tented campsite along one of the beautiful bubbling rivers of Wyoming. This adventure if a closer unity to the outdoors and is non stop adventure with wildlife, camp life and solitary breathless fly fishing. This is a moderate level of adventure.

Level 3: High mountain adventure. Switchback a mountain in 3-4 miles on horse which will take 5-6 hrs. Tent on one of the high mountain rivers, experience some of the most beautiful back country you will ever see, achieve more than one of your bucket list items! This is an advance adventure that will push you to every limit you have but you do not need to be overly fit to achieve success. Sitting on a horseback ride is not physically demanding, but switch backing is mentally demanding :)

Republic of South Africa

Number of Guests: 1 Hunter and 1 Observer

Value: \$7145

Date(s) of Trip: To be set by mutual agreement 2012/2013

Description: The winning bidder and companion will enjoy the special beauty and unique species of RSA's Eastern Cape. Mankazana Safaris, named for the Mankazana River which flows through this beautiful area of abundant wildlife, encompasses over 80,000 acres and offers over 30 species of game, some unique to the Eastern Cape.

This hunt also includes trophy fees for the hunters choice of three out of the five following species: blesbok, impala, common springbok, gray duiker, and warthog. The hunter will pay regular trophy fees for additional game, which are very reasonable and competitive. Species to be hunted include these which are unique to the area:

East Cape kudu
Cape bushbuck
Bontebuck
Black wildebeest
Vaal rhebok
Mountain reedbuck
Cape springbuck

Pickup from and return to the airport in Port Elizabeth is included, or guests may prefer to rent a vehicle and combine their visit to Mankazana with a tour of the Eastern Cape's beautiful ocean coastline. Sidetrips can be arranged for various activities, including a visit to famous Addo National Elephant Park, or for deep-sea fishing.

See Mankazana Safari's website for much additional information.

UNLIKE MANY OF THE HUNTS THAT ARE PROPOSED by African outfitters, where trophy fees are so high that even free daily rates aren't worth it, Mankazana's trophy fees are competitive, and the operation is a superior one.

The species and the location distinguish this hunt from all other African hunts offered at this fundraiser.
