Important Info – Please Read!

Please Have fun tonight and with or on any item or trip you purchase! Financial responsibility is import so only play with-in your means.

Everything in the world has some type of Tax or License fee and these donation are no different. Documenting them all on every page is over bearing so here is todays known summary.

European and South America hunts and trips have a 30% Tax based on the market value of the item, NOT what you paid for it.

African hunts and hunts and trips have a 10% to 17% Tax based on the market value of the item, NOT what you paid for it.

USA hunts and trips have taxes but they are so varied I won't even try. Some Outfitter include the taxes in the cost of their hunts but you may want to ask them before traveling.

In summary, ask your outfitter about and taxes and such before jumping on a plane for the hunt/trip of a lifetime!!

Monkane Safaris are based in the Limpopo Province of South-Africa and a mere 20 minutes north of Thabazimbi. This region called the "bushveld" is absolutely the top hunting area. We are honored to play a major role in this most exclusive hunting paradise of South-Africa.

Kerneels Viljoen who grew up in the "bushveld" and gained experience from an early age hunting with his father, is the main driving force behind this Safari.

Nico Engelbrecht is also a highly skilled hunter who strives to ensure that each and every hunter returns home successful.

The goal of Monkane Safaris is to combine hunting experience and dedication with the art of hunting, with personal care and attention to provide hunters with an experience of a lifetime. This is done by hunting in the best concessions with high quality trophy animals, in addition to the skill and experience of hand-picked professional hunters in guiding clients to harvest the best trophies.

Monkane Safaris specialize in bow as well as rifle hunting.

Oklahoma Station Chapter Safari Club International is a non-profit, 100% donated time organization with no employee costs, less than \$2500 per year in operational cost, (for website hosting, accounting software, email marketing service, stamps, bank fees etc: (banquet expenses not included), and an estimated 75% of every dollar we touch stays right here in Oklahoma applied to conservation programs.

Your contributions make major impacts to the long term support of conservation and the right to hunt through Student Essay and scholarship Programs, Teacher Continued Education Programs, Archery in The Schools Programs, ODWC Grants and Programs, and many more projects.

Unlike the Anti-Hunting Groups who are emotionally fueled and funded and do not actually fund the issues to fix them, we work the issues the right way, with sound science, biology, hard work and perseverance; partnering with the agencies in the state and around the world that are the right answer to control and manage the resources for all.

Knowing who we are and how we use your valued donations is important in today's transparency thinking world. The future of hunting is up to each one of us. It is our financial donations, our efforts in the political arena, and our ability to educate the uninformed public of the important role hunting plays in the welfare of the animal population and their habitat.

Our activities and energy must focus on 3 areas - Conservation, Education, and Governmental affairs.

As For This Event:

If you see something amiss, or have an idea for the future, or want to get more involved and help us out physically or financially, PLEASE let us know. If we spelled it wrong, misrepresented something, forgot to do something we said we were going to do, or something isn't just your flavor, remember the first line above – we are not paid professionals and do the best we can.

Have fun tonight and enjoy everything we have put together, it has been a lot of fun work and many hours of frustration too, but in the end, it is well worth it as long as our kids and grandkids can enjoy this wonderful outdoor world we do!

OSCSCI Blue Bag Program

How to support:

Bring some items to our event(s).

Direct donations.

Buy One of the Blue Bag logo'd items at our event(s).

Giving back to communities is an SCI/F family value. SafariCare Blue Bags are filled by chapters, individual members, church groups or even groups of schoolchildren or scouts. The contents may include medical, educational, and other relief supplies, or clothing and toys. The Blue Bag is taken to remote areas of the world by hunters who have planned hunts in these regions. The supplies are delivered directly to villages, clinics, orphanages and schools, doctors, caretakers and teachers to use with people in need. SCI and SCIF, like so many organizations, put forth enormous effort each year to help improve the quality of life throughout the world.

How to Use: Contact US before your next trip anyplace. All places on Earth need support of some sort or another. Contact your PH or Outfitter of specific area needs. Together, we will get the items together, a letter for the airlines to ship for free, and prep a bag. You take the bag and contents on your trip. Take allot of pictures and videos and bring thm and the empty bag back to us.

OSCSCI, with the help of U.S. Gun Totes wil Embroider your Family Name, County of Trip and Year on the bag.

The next person or Family to go on a trip, contact us and repeat.

Let's make our OSCSCI Bag and community be a world impactor as we adventure the Globe!

OKLAHOMASTATIONSOCI.ORG

As you look around the room tonight, make sure you give ALL the conservation groups a THANK YOU! On any given night there is a conservation banquet going on someplace in Oklahoma with the end result being more help in the fight "To protect the freedom to hunt and promote wildlife conservation in the state of Oklahoma and worldwide." Oklahoma Station Chapter Safari Club International not only believes in working together, we give all conservation groups a free table, let them sell memberships and even do a raffle of their own if they wish! We are in this together folks! We'd like to recognize Dallas Safari Club as the newest group in the state and folks, we don't care about history, we care about the future.

There is one other group that MUST be applauded, that is our Oklahoma Department of Wildlife (ODWC). Oh, we may not see eye to eye on every topic, but these are the folks that work the majority of the conservation topics in Oklahoma. Without working with them, we could be like California very soon and have no wildlife left for our kids to enjoy. So tonight folks, buy them a beer (woops, we already did), so give them a BIG "THANK YOU" and enjoy the hard work when you get out in the field next.

In the heart of Southern Africa under the African sky, beneath the southern cross, where animals roam in abundance, you will find an African experience called Ibamba Safaris. 'Ibamba', an African word that describes the moment when a predator takes its prey — that instant of ecstasy and pride, when the hunter has successfully stalked his target, and made the kill. At Ibamba Safaris our goal is to make your African adventure a once-in-a-lifetime experience for the first-time or experienced hunter who wishes to walk in the footsteps of the great African hunters of the past. Ibamba Safaris will provide you with an unforgettable experience: a journey under the African sky that you and your family will remember for generations to come.

I have been a hunting and fishing fanatic my entire life. My wife has shared this passion with me this past decade, while her love started with competition shooting, which is how we met. Over the past few years, she and I have worked hard to develop a business that offers the best service, access, value, and education (S.A.V.E) in the outdoor hunting industry. Our incredible, growing team has been involved in helping 100s of others get on adventures all over the world, and we can help you to do the same! It is our passion and privilege to help you do just that! (Pictures are not of said items exactly). Adam's booth has options.

"To go fishing is the chance to wash one's soul with pure air, with the rush of the brook, or with the shimmer of sun on blue water. It brings meekness and inspiration from the decency of nature, charity toward tackle-makers, patience toward fish, a mockery of profits and egos, a quieting of hate, a rejoicing that you do not have to decide a darned thing until next week. And it is discipline in the equality of men — for all men are equal before fish." —Herbert Hoover, avid fly fishermen

OKLAHOMA STATION

A CHAPTER OF SAFARI CLUB INTERNATIONAL
SCI
 FIRST FOR HUNTERS

(OSCSCI) Oklahoma Station Chapter Safari Club International, Supports and Contributes Funds Locally & Nationally

The future of hunting is up to each one of us. It is our financial donations, our efforts in the political arena, and our ability to educate the uninformed public of the important role hunting plays in the welfare of the animal population and their habitat. Our activities and energy must focus on 3 areas - Conservation, Education, and Governmental affairs.

We, the members of SCI, are the last best chance that wildlife has to survive in a healthy habitat, and we have to preserve our right to hunt.

Oklahoma Station Chapter, SCI is a 501 c (3) Charitable Status Organization

Protect the Freedom to Hunt

FINANCIAL SUPPORT TO PROTECT OUR FREEDOM TO HUNT & WILDLIFE CONSERVATION PRORAMS - Thirty percent (30%) of net monies raised by the Oklahoma Station Chapter support programs that provide for full-time staff lobbyists & biologists in Washington, DC. SCI is the only hunting organization that has full-time lobbyists & biologists working to provide sound scientific information to influence legislation and regulations that affect hunting both at the federal and state levels. **OVER 70%** of funds raised by the Oklahoma Station Chapter are used in Oklahoma for hunting-education, wildlife-conservation and humanitarian-services programs.

FINANCIAL SUPPORT TO OTHER CHAPTERS FIGHTING ANTI HUNTING REFERENDUMS IN THEIR STATES. Support to Alaska Chapter to defeat a wolf referendum that would decimate ungulates (DEFEATED!).

Conservation

OKLAHOMA HABITAT DONOR PROGRAM -

- Financial support for the [Hackberry Flats Wetlands project, Frederick, OK.](#)
- Financial support for a "Quality Deer Management" program in Lincoln County, OK.

RESTORATION OF RUFFED GROUSE & PRAIRIE CHICKEN -

Financial support towards restoration of ruffed grouse and Greater Prairie Chicken habitat in Oklahoma. Support for Audubon Society/OSC conservation project to protect the threatened Lesser Prairie Chicken in Northwest Oklahoma in conjunction with the Lesser Prairie Chicken festival.

INTRODUCED EIGHT (8) ELK INTO THE EXISTING HERD IN SE. OKLAHOMA

- Chapter financed the purchase, transportation and release of 5 mature bred cow elk and 2 mature bulls plus radio-collar transmitters for monitoring purposes. These 8 elk will improve the gene pool in the existing elk herd in SE Oklahoma which is in cooperation with the Timberline Elk Ranch, Cushing, Oklahoma, and the ODWC. WE HAVE AN ELK HUNT! Way back OSCSCI populated the herd, now it is a reality! OK, not just OSCSCI effort but it was key!

AIR BOAT (18 X 8'), 502 CU. INCH CHEVROLET ENGINE 502 HP RATING WAS PURCHASED FOR OKLAHOMA DEPT OF WILDLIFE CONSERVATION USE.

Over the past several years, the ODWC has worked to develop comprehensive lake-level plans supporting Japanese millet-seeding programs on Oklahoma Corps of Engineers lakes. Most of these areas are inaccessible to conventional boats due to very shallow water depths and are quite extensive in size, ranging from just a few acres to several hundred. The airboat offers a much higher degree of safety and durability, in addition to increased accessibility to the seeding areas, essential to ensuring the program's continued success.

ODWC Contributions— Since the foundation of the Oklahoma Station Chapter of SCI, over \$ 300,000 has been funded for various Wildlife Department programs either through direct funding or purchase of equipment for ODWC use.

Education

OSU SHOTGUN CLUB – OSU Gun Club Representing Oklahoma State University, is dedicated to practicing and teaching gun safety while also participating in recreational shooting. We participate in competitions with other universities all over the United States, including but not limited to Wyoming, Colorado, Texas, Kansas, and others. OSCSCI worked with the gun club to fund their new Trailer and cargo container for on-site storage for all equipment as well as Liberty Safe for storing shotguns used by club members.

SIGNIFICANT FINANCIAL SUPPORT FOR YOUTH EDUCATION & OUTDOOR PROGRAMS – Archery in the Schools program (\$ 19,500), Last Frontier Council - Boy Scouts of America; Eddy Eagle Gun Safety program; Make a Wish Foundation, Youth Hunter Education Challenge, & the 4H Youth Shooting Team. Further provided initial funding to the ODWC to facilitate The Oklahoma Scholastic Shooting Programs and introduction in the schools of the Explore Bow Hunting Program

OKLAHOMA CITY GUN CLUB YOUTH SHOOTING AREA – Helped fund the structures needed to create a separate youth shooting area and the gun club with a \$1500.00 donation

OKLAHOMA DEPT OF WILDLIFE CONSERVATION COLORING BOOKS - We purchased 65,000 wildlife conservation coloring books for school children.

CREATIVE WRITING COMPETITION -An annual youth essay writing contest that focuses on America's hunting heritage sponsored through the Okla. Dept of Wildlife Conservation. Two students in the 11-14 age category win scholarships to attend a weeklong conservation program. One boy and one girl, 15-17, each win a guided pronghorn antelope hunt and presentation of their mounts at the Annual OSC Awards Banquet & Charity Fundraiser. Norm Strung Youth Writing Contest – all category winners are put in for the National award years. Our Oklahoma kids win this VERY regularly!

CONSERVATION EDUCATION SCHOLARSHIP - AMERICAN WILDERNESS LEADERSHIP SCHOOL - Each year, our Chapter and the Okla. Dept. of Wildlife Conservation sponsor two Oklahoma educators, and some years 3, for an 8-day experience at SCI's Granite Ranch near Jackson, Wyoming, in fields of wildlife ecology, firearm safety and shooting sports, camping, white-water rafting, stream ecology, natural resource management with a base knowledge from which to evaluate conservation efforts. They bring this training back to their classrooms to educate thousands of Oklahoma youth on the value of hunting as a wildlife management tool. Outdoor skills are also learned which include wildlife conservation, habitat management and additional outdoor sports skills are taught and learned including survival and all safety features of the shooting sports and other activities such as camping, hiking, fishing, wildlife and plant identification etc.

STEP PROGRAM – Okla. Dept of Wildlife Conservation's Shotgun Training Education Program ("STEP") – OSCSCI supported this program by originally purchasing a custom built 26-foot long gooseneck equipment trailer. OSC purchased two additional trailers. These trailers carry the program's portable trap machines, firearms, ammunition, safety and gun maintenance equipment. In the past 10 years, 100,000 persons in the state of Oklahoma (65% are youth under the age of 18) have participated in STEP, learning the importance of hunting as a conservation and management tool and improving their shooting skills to ensure the humane harvesting of wildlife.

OPERATION GAME THIEF TRAILER – Okla. Dept of Wildlife Conservation's **Operation Game Thief ("OGT")** – OSCSCI supported this program by supplying funding in excess of \$28,500. The OGT is a program of the Oklahoma Department of Wildlife Conservation designed specifically to stop illegal killing of the fish and game which belong to YOU, whether you're a sportsman or not. It's a big problem with no simple solution. Help from the public sportsmen, makes a difference.

One day before the opening of a recent deer season, two men killed four whitetail bucks. Late one summer night, three men steered their boat across a state reservoir, stopped at their illegal net site and hauled in a load of striped bass and other open-water fish they could sell for \$1 a pound on the commercial market.

In each of these examples, you were the loser. You lost hunting and fishing opportunities or the chance to view wildlife in their natural surroundings. At the same time, law-abiding sportsmen received a bad reputation from those who fail to distinguish between legal and illegal hunting. OGT is something everyone can do to help wildlife and help us apprehend the poachers.

OKLAHOMA WILDLIFE EXPO – Our Chapter supports the ODWC - Wildlife Expo with significant funding and with workers. This is the biggest and the most successful comprehensive hands-on outdoor education experience and recreation event in State history. Approximately 45,000 attend annually. In 2008, OSC began “Predators of Oklahoma” with a game for thousands of youth to identify the animals and win a prize for successfully doing so (all eventually won). This program continues each year.

WILDLIFE HERITAGE CENTER MUSEUM, ANTLERS, OK. – Our Chapter contributed to the building of the museum/learning center in SE Oklahoma. The operation is a joint agreement of the Okla. Dept of Commerce, Okla. Tourism and Recreation Dept and the Okla. Dept of Wildlife. The facility will be utilized as a regional tourism attraction while at the same time serving as a wildlife and natural resource conservation public education center.

SAFARI IN A BOX - Safari in a Box is a K-12 education kit designed to provide exciting, hands-on learning. It gives teachers and others who work with young people resources and ideas to introduce youth to important concepts of habitat, wildlife management and impacts resulting from human and wildlife interactions. Initial SIB placement was in memory of OSC member David Rocker.

"SCI SAVES CSI" - 2009 support of OSU's "Insect Adventure", a project which teaches basic conservation principles to over 300,000 individuals in Oklahoma each year (and also contributes to the conservation of the endangered American burying beetle, a species valuable in Crime Scene Analysis).

Humanitarian Services

SAFARI-CARE – On numerous occasions, OSCSCI members have traveled internationally and carried medical, educational and relief supplies to villages in need of support.

SPORTSMEN AGAINST HUNGER – OSCSCI originally funded 100% of operating expenses for the program in excess of \$200,000 annual budget. OSC also managed the program State-wide for over 10 years. OSC continues to financially support this program annually, with a \$ 2,000 contribution to ODWC.

SENSORY SAFARI DAY - A hands-on adventure for sightless and sight-impaired children and adults. Members loan their animal mounts for these people to see for the first time, through their fingertips, animals from around the world. The event is co-sponsored by the Okla. Dept. Wildlife Conservation, Oklahoma Station Chapter - SCI and the H&H Gun Range.

VETERANS' HUNTS – OSCSCI organized Mid-East-Conflict veterans' hunts in conjunction with Jay Barczak of Wild Game Outfitters-Duchess Creek Ranch, Porum, OK, and in conjunction with other supporters.

- Three veterans were drawn from public nominations for guided elk and deer hunts, which were complete with all accommodations.

- OSCSCI and Mankazana Safaris presented a Purple-Heart veteran the hunt of a lifetime. OSC supports our troops who protect our freedoms!

- OSCSCI hosted a disabled Marine Sniper Scout on a PERECT July Sheep hunt with Windsong Adventures in Eastern Oklahoma.

OSCSCI BLUE BAG PROGRAM – New in 2022, we project sending 1000's of dollars with our world travelers to buy supplies and needs to the kids and area needs of the paces they travel. Upon returning the blue Bag, we will embroider the Family Name, Country of Visit and Year on the bag. The next trip, repeat. Lets see how many place of the World the OSCSCI can impact!!

All of the wildlife mounts in the Arcadia Oklahoma training center for the Oklahoma Department of Wildlife Conservation have been donated to the Department by an Oklahoma Station Chapter SCI member -value of the donation in 2010 was valued in excess of \$49,000 at the time of the donation by a certified master appraiser.

Silent Auction

The Silent Auction is a fun game of bidding. If you like an item and want to make it yours forever, write your bidder number on the line next to the amount you think you can win it with. If you are the highest bidder when the dust settles, it is all yours 😊

Silent Auction Red – Yellow Game

On each Silent Auction Bid sheet you will see Yellow and Red bid spots. If you **WIN** the silent auction item using a **Red** spot, you will have 2 chances put into the **Orange Bowl** draw for a Gun. If you **WIN** using a **yellow** spot, you will get 1 chance entered.

The best chance to win is bid high, and bid often. The more you win, the better your entire night will be and even you're hunting this fall may be too 😊

Creative Writing Contest

Creative Writing Competition 2023

Essay Contest Sponsored By:

Theme: Students must use the theme, Hunting: Sharing the Heritage, Archery: What I like about Archery in the Schools and Bowhunting or the concept of the theme to develop an expository essay or short story.

Eligibility: Students ages 11-17 currently enrolled in any Oklahoma School and home school students are eligible for participation. Winners of the 2022 contest are not eligible. Applicants must have successfully completed an Oklahoma Hunter Education course by the entry deadline.

Number of Entries per school: There is no limit to the number of entries per school.

Specifications:

- Essay or short story should be double-spaced on white, 8 1/2 x 11 paper, with 1 1/2 inch margins on top, bottom and sides. Typewritten copy is preferred. All essays or short stories must be legible.
- Length should not exceed 1,000 words (four typewritten pages) for short stories, or 500 words (two typewritten pages) for essays.
- Students must have successfully completed an Oklahoma Hunter Education course by the entry deadline.
- Papers should be carefully proofed for spelling, punctuation, capitalization and grammar.
- A completed entry blank must be used as a cover sheet and stapled to the essay or short story. Entry must be typed or clearly printed and signed by the teacher or youth group leader.

Judging: All essays or short stories will be judged in one of two categories: 11-14 age group or 15-17 age group. Applicants will be judged on the use of the theme concept, creativity, neatness, proper grammar and punctuation. Winners of the statewide competition will be notified by phone:

Prizes:

- **In the 11-14 age category:** One boy and one girl will get a hunting trip at Rack Attack Outfitters in Fairview, Oklahoma or similar and receive a scholarship to the Outdoor Texas Camp for hunting during the summer of 2024. The Oklahoma Station Chapter of Safari Club International will reimburse the winners travel expenses up to a maximum of \$500 per Essay Contest Winner.

Apprentice Hunter Program Information: Outdoor Texas Camp's hunting camp is a unique, hands-on camp designed for girls and boys aged 9-16. The program covers hunting techniques, shotgun skills, survival, GPS use, tracking and interpreting sign, small and large caliber rifle skills and scoring and aging deer.

- **In the 15-17 age category:** One girl and one boy will go on a guided antelope hunt in one of the Western States - dependent on the ability to access Licenses and Permits. Note: most states with a huntable population of pronghorn antelope have gone to a preference point system, with 5 preference points required to draw an antelope tag. It is possible to obtain permits from Sovereign Nations; which have their own game laws and frequently do not require preference points. If tags for antelope do not become available a hunt of equivalent or greater value may be substituted. The Oklahoma Station of Safari Club International will reimburse the winners' travel expenses up to a maximum of \$500 per Essay Contest Winner where driving is a possibility. If we are required to fly, to help control over all costs - all airfare for the contest winner and their guardian will be reimbursed by the Oklahoma Station Chapter Safari Club International. Also included will be all meals and lodging during the hunt as well as all license and permit costs.

The four statewide winners and their legal guardians will be invited to attend an awards ceremony in 2023. In addition, the top 25 essay entrants will receive a one-year membership to Safari Club International. The four state winners' entries will be printed in the Oklahoma Station Chapter Safari Club International Newsletter "Safari Trails".

Archery: What I like about Archery in the Schools and Bowhunting:

It was a cool, calm November day when my dad and I took off on our early morning weekend hunt. We walked through the dark, quiet woods and listened to the leaves crunching beneath our feet. We climbed the old, sturdy red oak tree, hooked our safety harnesses, and made ourselves comfortable in our tree stand. We knew the wait

ahead of us could be long, but we were prepared to wait for the perfect deer.

We sat in the tree, for what seemed like forever, listening to the peaceful sounds of birds chirping, the whistling winds, and watched the colorful Autumn leaves fall from the trees around us. Finally, we spotted the first deer of the morning. A healthy doe made her way through the trees, stopping briefly to look behind her. We

had an idea about what might be coming next...would be the perfect buck? A few moments later, there he was, walking steadily across the woods. Nervously, I grabbed my bow hoping for a successful hunting trip, but as the doe made her way quickly through the woods, the buck followed right behind her. Both the doe and buck continued on, first out of shooting range and then out of sight. The disappointment immediately set in, but I quickly reminded myself that the challenge is what makes bowhunting fun and exciting.

Harvesting mature deer that are to their full potential is the responsibility of a good hunter; therefore he or she must show

patience, discipline and self-control. A hunter must accurately identify their target to avoid injury or violating wildlife laws. Harvesting a deer with a bow is a very rewarding experience because of the patience, practice and time that goes into the sport.

Archery is equally as challenging as bow hunting. Even though you are not in the woods hunting for that perfect buck, you still feel the same amount of pressure at an archery competition. Archers are lined up back-to-back, sometimes shooting at the same target and it can become overwhelming, which is when you need to show self-control, focus, and confidence. When you are finished shooting for the day and you've beat your previous high score, there is no better feeling of accomplishment than that!

National Archery in the Schools (NASP) is a great program for so many. It allows students, who may not be interested in other sports, the chance to be a part of a team and involved in a school club. I am proud to be one of a few female archers representing Woodall School, and I will take the valuable lessons that I have learned through archery and hunting and apply them to my life going forward.

Hunting Heritage:

When I go hunting I like to learn new things about the animals with my mom or grandparents. I like to spend time with my family when we are setting up blinds, tree stands, or tripods. My family makes it easy to enjoy the overall process of tracking, cleaning, and sighting in our guns or getting our hunting sight ready. My sister and I laugh while putting on our camo because of how big they are on us. In the cool morning air of opening day we wait and watch the animals. I feel calm and happy because we are in the woods or in the fields

tracking an animal. Especially, when we explore out terrain and look at animal burrows and dens. Learning different ways to prepare, scout, or hunt, to include what animals hunt for during their season.

Hunting means different things to many people, but for my family it's tradition. To some it is a joyous experience, pass-time, or hobby. To my grandparents it is a way of life because they hunt as a way to provide for the family.

For my mom, it is a way to keep our family's heritage alive and growing. Our land has been hunted for many generations, since it allotted to my Native American ancestors by the United States Government. We have a 1929 Remington 30 caliber. My mom used is as her first gun and then it was handed to me the first time I went hunting. We also pass down animal calls and techniques to younger generations.

Sometimes we use our ancestors' ways to hunt when we bow hunt but only if we are good at shooting. They mostly hunted deer, such as whitetails, or E'co as they would say but they also hunted wild turkeys and fish with spears. They used the deer for

gloves in the winter, bookbinding, and many other things. Deer skin was used to produce buckskin as well as a chamois-like leather. They traded it for things like iron tool, kettle, knives, firearms, ammunition, and gunpowder. They also hunted small game animals like rabbits. They use weapons as well such as tomahawks and war clubs.

Bow and arrows were effective when it came to speed, accuracy, stealth, and mobility. War clubs were blunt and effective for a quick blow at a close range. Tomahawks are flexible weapons in warfare that could be thrown from a medium distance or used in hand-to-hand combat. Rifles could be fired several times without reloading. Spears were used for hunting and fishing, there not used much in war.

Even though we do not use the same technique as our ancestors, we still continue to hunt. We still provide for our family and keep traditions alive. We will teach the generations to come what we learned from the past. Even if it is just preparing a kill to be processed, because this to me is way to keep our heritage going for years to come.

teacher/ coach of the school's National Archery in the Schools Program (NASP), and my two older brothers were on the team. I was compelled to attend their practices, but after only a couple of practices, I started to join in as I thought it looked fun. I quickly found out how much fun shooting a bow could be. Unfortunately, I was never able to compete because we changed schools, but I still used the archery skills I learned.

Just two years ago, I got my first com-

pound bow. I

still remember it

like it was yes-

terday. It was

Christmas morning,

and I thought that I had already opened all my presents. Yet, I did not know that my parents had one more gift for me. They said they had to go grab it, and when I looked up and saw it. It was my very own compound bow, and I was filled with pure joy. The Fred Bear Legit bow was just the bow I wanted. It even had my favorite camo pattern on it, veil Whitetail Camo. I quickly went to set up the bow by putting the sight and accessories on it, then ran outside to shoot it. It took me several practices to get good at shooting my bow, but I knew by the

next deer season, I would be ready to put it to use. That first season, I had a few encounters but unfortunately, I didn't have any shot opportunities.

However, this past summer, I was determined to shoot a deer in the upcoming hunting season. I bought some new arrows and broadheads and set out on a goal to harvest a deer. I didn't want another season to leave me empty handed. I've practiced over and over, and shooting is becoming second nature. With a lot of hard work and a little bit of luck (luck being – God on my side) opening day of deer season didn't leave me disappointed. My dad dropped me off, and I climbed a tree. Shockingly, not even thirty minutes later, a doe walked out twenty yards from me. I drew back my bow and let my arrow fly. I hit her, that beautiful doe, perfectly behind the shoulder and watched as she ran forty yards and fell. I was pumped that I had just shot my very first deer with that bow I had been carrying around like a prized possession.

Archery: What I like about Archery in the Schools and Bowhunting:

Bowhunting is a skill not all people can easily master. I think Ron Laclair said it best when he said, "Archery is like a journey; it begins with a love for shooting a bow and a passion for watching our arrows fly." I couldn't agree with him more. In 2016, at the age of 7, I was first introduced to the love of archery. My mom was the

After that, I set another goal for myself of shooting a buck with my bow. I had no luck at first. Then, it was a couple of weeks that my dad and I went out hunting just for fun; we didn't think we were going to shoot a buck. Little did we know, our day would look different from

what we had expected. It was 4:30 PM, and we heard some noise behind us that was getting closer and closer. We looked over to our right and saw a nice buck walking about forty yards from us. We grunted at him to get his attention. My dad and I thought that the buck would come to us, but he didn't want to wander our way. So my dad rubbed one of our rattling antlers on a tree behind us thinking he would come. Sure

enough, he started walking straight towards us.

That buck came within fourteen yards, and I shot him and watched him run away. We later found him dead, and I was so happy that my skills and my bow helped me reach another goal. I had my very first buck to brag about.

I have yet to truly master the skill of bowhunting, but I feel I am well on my way to understanding what it means to be a bowhunter. I have started my journey, and I truly love shooting a bow and watching the arrows fly. Bowhunting has become my passion and something I believe will bring me joy for years to come

Sharing the Heritage:

Hunting is not just a recreational activity but also a way to connect with our ancestral roots and preserve traditions. For those who have hunted their whole lives, it holds a special place in their hearts. Fred Bear said it best in saying, "A hunt based on trophies taken falls far short of what the ultimate goal should be." Way too many people nowadays take for granted the excitement and joy that is involved in the outdoors. Too many people hunt only for trophies or public recognition

when there is way more to be gained from the sport.

I've had the opportunity to grow up in a family that cherishes the outdoors. I am so grateful that this awesome sport we call hunting has been passed down through many generations in my household and is now upon me. The tradition started with my great-grandpa, who passed the tradition on to my grandpa, and he, in turn, passed it on to my father. Then my dad took it

upon himself to teach me and my two brothers the importance of hunting and the greatness involved in God's creation. Now, after seventeen years of my life following in my father's footsteps and learning the true meaning of hunting, I have learned to do my part in passing along the long-lived traditions.

Over the past two years, I've taken on the noble mission of introducing as many people as possible to their first hunting experience. It all started when I took one of my friends from school, John, on his first deer hunt. John is hearing impaired and has not had the same opportunities that I have had to go hunting. I took John to a feeder

I set up, and I still remember the exact time the deer walked out. It was 8:03 AM, and a mature doe walked to the feeder. John hit the deer right on target, and we watched it run thirty yards and fall over. After seeing the smile on John's face after shooting his first deer, I was hooked. I was more excited at that moment than I had ever been shooting a deer for myself. Right then I realized I wanted to do this forever.

My second time taking someone deer hunting was with my cousin Deacon, who also had never been hunting. I actually took Deacon to the same spot that I took John to the week before. That first morning, Deacon harvested a doe. He was so excited he jumped on me after shooting the deer and hugged me. While we were cleaning the deer and hanging out with family, Deacon asked me something I will never forget, "When can we go again?"

Following that deer season, I began actively seeking more avenues to share the rich heritage of my beloved pastime. After just a couple of weeks of searching for a place to share my passion for the sport I love, I was approached by a group of individuals who are a part of the Southwestern Delta Waterfowl Chapter, and they asked me to join their team. After attending a couple of meetings, I knew this was the place for me. It was only a couple months after becoming a committee member of this chap-

ter that I was promoted to the position of youth coordinator. With this position, I plan all the youth and veterans' activities and prepare for the youth hunts we put on twice a year. This position has given me opportunities to share my true passion for the outdoors, and I am grateful.

As of now, I have put on three youth hunts and have had a total of twenty youth and seven veterans participate in them. I won't forget any of the youth hunts that I have put on, but nothing will ever compare to the first hunt. We held it during a youth and veterans activity day at the beginning of last year's duck season. We had four youths and two veterans. I searched for over a

week before the hunt to find the best spot. I learned something in this process that will stick with me forever. I learned it did not matter how many ducks we shot, but what mattered most was the fellowship with the hunters. On the morning of the hunt, we shot seventeen ducks and two geese. The joy that reflected in the face of a young boy named Cash is a memory that will forever stay with me. The novice hunters learned the importance of hunting and got to experience the natural beauty of the outdoors.

By sharing my knowledge and expertise, I am not only teaching others the skills necessary for hunting, but I am also passing on a legacy that has been cherished for generations. Through these experiences, I am instilling a deep appreciation for nature, wildlife, and the importance of conservation. Hunting is not just about the thrill of the chase but also about understanding the delicate balance between humans and the natural world.

By passing on the heritage of hunting, I am ensuring that this tradition continues to thrive. I am creating a community of hunters who not only respect the land and wildlife but also understand the importance of sustainable hunting practices. Through my efforts, I am contributing to the preservation of our natural heritage and the conservation of our wildlife.

I told him we could go back out that evening since he was staying the night. Before I could finish my sentence, he was putting on his gear to go back out. I never imagined we would see another deer that same day, but after an hour of sitting and enjoying the peaceful outdoors, a buck walked out. Deacon displayed that evening, and in that moment, I once more recognized that this was a pursuit I could dedicate myself to for a lifetime.

Youth Hunting Program (OYHP) was planning. OYHP's program is focused on sharing the heritage of hunting with young people who might not otherwise have the opportunity. I was excited, nervous, and worried all at the same time. I wished I could have had my dad take me on my first hunt, however, I will always cherish the memories I had on that hunt. I met some amazing people and learned a multitude of things.

When I first arrived at the campsite near a horse barn – we unloaded our vehicle and put everything into one

boring sitting there for that long, so I hoped I would harvest my deer that morning. The waiting time did not end up being boring; rather it quickly became a lesson in patience and observation. By the third time going out into the blind, I learned that it is almost exactly time to shoot when the birds in the trees and the bugs on the water start waking up. We were sitting across a pond, and it was the most breathtaking sight. Rabbits would hop out and fish would hit the top of the water to get the bugs scattering across the surface. The sky looked as if it was on fire. It was the most vibrant mix of orange and yellow. The pond gave a perfect reflection, looking like it was filled with a fiery substance.

Sharing the Heritage:

Hunting has been an integral part of human history, providing nourishment, shaping cultures, and creating a deep connection between humans and nature. From the time I was old enough, I have had a string desire to join in on being part of this tradition. Unfortunately, my aspirations faced setbacks due to my father's multiple back surgeries, leaving him unable to take me on my first hunting expedition. Everything changed when my mom entered me in a youth hunt that the Oklahoma

of the stalls. My initial skepticism about sleeping in a horse stall gave way to a mix of emotions but it ended up being quite enjoyable in the end. Once settled in, we went over firearm safety. We got to spend some time at the range shooting pellet guns while also meeting the guides. There was one guide that really stood out to me. She was easy to talk to and seemed quite knowledgeable. She ended up being my guide.

The next morning, we left for the blinds at 6 a.m. and stayed in the blinds for 3.5 hours. I thought that it would be super

Sharing the Heritage:

...(Continued)...

After taking the sights in, the daylight was finally getting bright enough for me to determine shapes and objects. A doe appeared all of a sudden. I set my sights on it while she stood perfectly broadside. I had an ideal shot to take, but there was one problem. I could not stop shaking enough to get a shot off. It reminded me of something my uncle had told me in preparation for the trip, "The key is to get through the

adrenaline and have the discipline to wait for a steady, lethal, and humane shot, or pass. Don't let anything pressure you otherwise. Sometimes it's the shots we don't take that define a true ethical hunter. Like everything in life, it's simple, but doing it correctly isn't always easy." I watched as the doe walked off, but I was not disappointed. I am proud to say that I had the control to not take the shot. If I missed it, then I might

not get another chance

that morning.

Next thing I know, she reappears with two more companions. The adrenaline had passed and I was as steady as possible. It was just a waiting game until one of the three stood broadside. Within a minute, one stood right where I needed it to stand. I told my guide which one I was looking at. When she gave me the okay, I steadied my breathing, put the crosshairs where I wanted them, and squeezed the trigger. It felt like I was in a dream. I saw the doe drop instantly, and my guide's cheers echoed the relief I felt. Once we got the clear to move, we left the blind to make sure I got my harvest. I walked up to the animal which

was not moving at all. I was relieved at that because since I listened to my uncle's advice, the doe did not suffer. I thanked the Lord for my harvest and began field dressing the doe. It was interesting to learn the different parts of a doe.

That day made me respect wildlife even more so than I had known to prior to this adventure. I hope to pass on my knowledge of hunting to others one day. I plan on returning to that camp as an alumni to share my insights and teach other youth who find themselves in a position I was in once. The inspiring individuals I encountered during this experience exceeded my expectations, motivating me to pursue a deeper understanding of the mechanics and strategies of hunting, with the hope of encouraging the next generation of ethical hunters.

A night of memories, vendors, food and Premium Open Bar. Don't miss out!
Doors Open at 5PM**

Special Notice

The hunts and trip included here will be present at the banquet for your bidding and buying fun, their placement may change and there even may even be a few more added.

The included pages should not change but this is a changing world. There may be some small modifications but you can hang your hat on them as is. If you have a personal preference if you want to battle for them in Silent or Live Auction, let us know and we will try and make it so. Also, if there is one you definitely want, contact us so we can make sure it is included at the event Some items simply will not make the cut.

One last note, if you know an outfitter who would like to donate to the cause and get involved in saving his business, feel free to send me contact information or have them contact me for inclusion. We don't close the door until days before so there is still time.

Oklahoma Station Chapter – Safari Club International

2024 Live Auction

OFFICIAL LIVE AUCTION RULES

PURPOSE OF THE AUCTION

The Oklahoma Station of Safari Club International (OSCSCI) is dedicated to supporting worldwide conservation, protection of sport hunting and fishing, and outdoor educational goals. The OSCSCI Convention is an opportunity for sportsmen and women to come together, renew old friendships, and to form new ones. We work very hard to attract outstanding hunting and fishing packages from reputable outfitters, who have graciously donated to the organization's efforts concerning important educational and conservation programs. We encourage you to place your bid with confidence, and in the spirit of providing necessary funds for local, national, and worldwide conservation. At the same time, obtaining goods and services that you can enjoy. **80% of ALL proceeds are used right here in Oklahoma!!**

PROCEDURES FOR THE AUCTION

You must register to receive a bid number to participate in the auction and silent auction. You are responsible for the care and use of your bid number. PLEASE DO NOT SHARE, It is Free for EVERYONE and speeds checkout!

When bidding from the floor, raise your hand, hat, napkin, partner, or if necessary, stand to get the attention of the auctioneer or one of the staff, but please do not pull your hand gun out, as we will surely get the point before then! ☺

The auctioneer and his staff are responsible for the auction. Their rules must be followed explicitly. All decisions of the auctioneer will be final. All high bidders are responsible for payment of the auction items according to the payment terms as set forth herein. The auctioneer will decide any disputes regarding the bids during the live auctions.

In order to help you enjoy the live auctions more and ensure that you are successful in bidding for your favorite items, we make the following suggestions:

1. Read the description of each item carefully from the auction list prior to the auction. The auction team will not always read the full description of each item.
 2. Ask questions ahead of time, talk to the donor, or check with an OSCSCI Director.
 3. Please note that some items may have minimum bids, which will be announced by the auctioneer if not met.
 4. Note: Some of the items on donated hunts which may not be included unless specified:
 - a. Travel expenses to and from destination
 - b. Hotel and meals before and after the hunt
 - c. Alcoholic beverages
 - d. Trophy dipping, packaging and shipping
 - e. Gratuities (Please take care of your Guides)
 5. Unless explicitly stated otherwise in writing in the description of a particular item, it must be assumed that a hunt or other trip purchased at this auction may not be used in conjunction with any other discount, promotion, special offer or other SCI/other auction trip from the same outfitter.
 6. Announcements at time of Auction or actual item vs printed supersede all prior statements whether printed or oral.
- Most hunts, unless otherwise noted, are for the 2023 season. All trips, unless noted otherwise, expire December 31, 2023.
- Special arrangements other than as set forth on the auction list are expressly, between the donor and you.
- The Board of Directors of the OSCSCI must approve all changes regarding trip dates.

Some non-hunt donations may require delivery and installation at your expense.

PAYMENT TERMS

Payment guidelines for the auctions will be as follows:

1. A “Buyer Acknowledgement Form” will be executed by the high bidder immediately following the auction of each item. When you sign the Buyer Acknowledgement Form you will do so subject to the terms and conditions of the Official Auction rules and any disclaimer therein contained.
2. All high bidders must pay in full for the auction items at the conclusion of the respective evenings auction. Please see the cashier before leaving the Auction Room.
3. All items bought or purchased at the auction may be paid by cash, check, or credit card (Master Card, Visa, or Discover Card). Please go to the cashier immediately after the auction and make the necessary arrangements.
4. The Oklahoma Station of Safari Club International must approve any variances to the payment.
5. Note that trophy fees are subject to change until a hunt is actually taken, even if the most currently available fees may be stated in the description of the hunt.

DISCLAIMER OF LIABILITY

Goods: All goods in the live auction, silent auction, and general contests have been acquired or obtained from third parties. The high bidder acknowledges that the goods have not been inspected by Oklahoma Station of Safari Club International, and is advised, in the case of firearms, knives, bullets or other weapons to secure a competent inspection and test of the goods before use. The goods in the live auction are sold “as is” with all faults and defects, and without any express or implied warranty on the part of Oklahoma station of Safari club International. Oklahoma Station of Safari Club International does not accept any responsibility or liability for any product, design or use. Any written warranties with respect to the goods delivered to the purchase are those solely of the manufacturer or their agents, and shall be the sole liability and responsibility of the manufacturer. All firearms obtained for this event will be transferred in accordance with federal, state, and local regulations.

Services: All services, hunts or otherwise, in the live auction, silent auction and raffles have been acquired for and are to be furnished by third parties and contain the same reservation set forth under “GOODS” above. No services in the live auction are to be or will be performed by the Oklahoma Station of Safari Club International. Oklahoma Station of Safari Club International shall bear no responsibilities for the delivery or quality of any of the services or for any loss or damages arising from or related to or connected with the performance or nonperformance of such services. The high bidder further acknowledges that in the event services are purchased, Oklahoma Station of Safari Club International cannot be responsible for or liable for any political unrest or instability that may occur outside the confines of the United States, nor can Oklahoma Station of Safari Club International be accountable for any injuries or damages that may arise there from. The high bidder further acknowledges that his/her purchase is final and non-refundable under any and all circumstances, and that should legal action be required to collect for these services acquired by the high bidder at the auction. Oklahoma Station of Safari Club International shall be entitled to all reasonable attorney’s fees, cost of court, and interest as provided by law.

Tax Considerations: Under the United States Internal Revenue code, Section 6113 (disclosure of no-deductibility of contributions) enacted with the Internal Revenue Act of 1987, Oklahoma Station of Safari Club International advises that it is a 501 (c) 3 charitable nonprofit organization. However, auction payments paid to Oklahoma Station of Safari Club International do not automatically qualify as charitable deductions for tax purposes. Charitable deductions, if any, are considered to be only the amount paid in excess of the fair market value of the auction time. Please consult your tax advisor.

All Guns will be picked up AT H&H Shooting Sports in OKC for FFL processing.

All Furs will be picked up at Geno’s Fur’s in OKC for sizing and options.

Unless otherwise pre-arranged NO ITEMS will be shipped.

100% Donation

When: 2024 or 2025

Who: 1 Adult and 1 Youth

Value: \$Priceless

Not Included: Travel to hunt location, Food, and Drinks, Oklahoma Deer license.

Sportsman's Hunting Club is Oklahoma's oldest hunting club, incorporated in 1947. We were the very first and we are still the very best!

Sportsman's owns or leases around 50,000 acres of prime hunting land from northwest of Woodward to east of Atoka. We have more varied lease areas than any other hunting club in Oklahoma.

Whatever you like to hunt in Oklahoma - Deer, Turkey, Quail, Waterfowl, Dove, Hogs, Predators, Small Game, Pheasants - you name it - we probably have it on one of our leases.

We have prime hunting land with a large hunting lodge bordering the Great Salt Plains Wildlife Refuge outside of Jet, OK that sleeps 24 hunters with all the comforts of home including satellite TV, washer & dryer and a complete kitchen. Our lease east of Atoka and our leases south of Harmon, each feature a cabin that accommodates 8 hunters. Several of our leases allow camping including a club owned trailer in Duncan that sleeps 3-4.

Our hunting lands range from the open prairies of western and northwestern Oklahoma to the piney woods of southeastern Oklahoma. Many of our leases have ponds for waterfowl hunting and fishing. Each of our leases have some combination of woods, creeks, ponds, native grasses, agricultural fields, bottom lands, even some canyon areas and river bottoms.

Sportsman's wants to make a difference and we work with the Oklahoma Youth Hunting & Shooting Program to make a positive impact in the lives of some special young Oklahoman's by affording hunting opportunities to many who would otherwise have no opportunity to learn about hunting, outdoor skills and an appreciation of nature.

TRIP DESCRIPTION: Step into the world of the Maya and explore untouched rivers and jungles for a once in a lifetime experience. Tour the rainforest and awaken your senses to the sounds of exotic birds and wildlife. Fish the flats and remote jungle rivers for snook, permit, and tarpon. Rope swing from trees along the Moho River, kayak in the jungle, or maybe visit the many Mayan ruins in the area. Take a 30 foot jump from a waterfall or learn the history of the cacao tree and its journey to chocolate on a cacao tour. Visit the small town of Punta Gorda on market day and see the vast array of local fruits, vegetables and fish. The lodge is remote, private, and totally off grid, using solar power to run all cabanas with a total occupancy of 20 people. We raise fresh crops, harvest local wild fruits, and even tend our own flocks of chicken and goats. Your cabanas are nested 16 feet above the ground and perched along the slow moving Moho River. After you have enjoyed an evening gourmet meal prepared by our chef, fall asleep to the sounds of the howler monkeys and the sounds of the jungle. This and more awaits you...

Included in this package: Lodging, Local Beer & rum, Pickup from Punta Gorda, 1 day Moho River Fishing, One Excursion per Day

Not Included:

- Tips to Guides & Staff
- Wine & Other Imported Alcohols

TDK Safaris is an exclusive South Africa Safari outfitter, owned by two families, the McArtor family from Arizona USA, and the Brits family from South Africa. With this combination, we can guarantee that our client's expectations and needs are taken care of as promised. We all work extremely well together and we can proudly say that we have the best PH's, guides, trackers, skimmers, chefs, and lodge staff.

The Abraham Kriel Children's Home is a non-profit organization with 15 houses where children and young people who can't live with their own families are housed with professional staff to attend to them. Children are referred to the children's home by order of the children's court. In addition to providing food, shelter, and space for play and leisure in a caring environment, we create a home environment for children to grow and develop.

All the children in our care have suffered trauma due to physical, emotional and/or sexual abuse, violence at home, death of one or both parents, poverty, alcohol or drug abuse and insufficient or absent parental skills.

Monkane Safaris are based in the Limpopo Province of South-Africa and a mere 20 minutes north of Thabazimbi. This region called the "bushveld" is absolutely the top hunting area. We are honored to play a major role in this most exclusive hunting paradise of South-Africa.

Kerneels Viljoen who grew up in the "bushveld" and gained experience from an early age hunting with his father, is the main driving force behind this Safari.

Nico Engelbrecht is also a highly skilled hunter who strives to ensure that each and every hunter returns home successful.

The goal of Monkane Safaris is to combine hunting experience and dedication with the art of hunting, with personal care and attention to provide hunters with an experience of a lifetime. This is done by hunting in the best concessions with high quality trophy animals, in addition to the skill and experience of hand-picked professional hunters in guiding clients to harvest the best trophies.

The lodge: Our lodge is the perfect combination between luxury and wildness. Located in the heart of La Pampa state, Catena's ranch is the perfect place to live this unique experience. Double based rooms with private bathrooms, warm water, electricity, Wifi (internet), laundry service and high quality wine and food is what you'll expect.

After +15 years delivering unforgettable experiences, Catena Safaris has grown into the No.1 big game hunting company in Argentina.

Hunting and Lodging: Hunting method is usually spot and stalk, 2x1 guide, hunting hours are daylight. At the lunch time, after a morning spotting and stalking animals, our international chefs will be waiting with snacks, national and game dishes and local world class wines.

After lunch, hunters can take a nap to be ready for the afternoon hunt until twilight. Then, dinner will be waiting, surrounded by drinks, conversations and laughs by the side of our huge fire pit.

Logistics: Hunters will fly to Santa Rosa , La Pampa Airport (RSA) a day before the experience starts (1 hour flight from Buenos Aires International Airport). At Santa Rosa Airport our staff will be waiting to drive the group to the lodge. Once at the lodge, the group will rest until next morning where the breakfast will be served and the experience starts

Take a spectacular break from Life and head to the Lake with 4 of your friends and do any of the great things Oklahoma Lakes offer! The flexibility of a SeaDoo Switch Pontoon boat will astound you. We could go fishing with the cruise set at 1MPG so no need for a trolling motor, then pump it up and Ski, Tube, Wakeboard at up to 30MPH (40MPH with only 1 on board), pull up to a party cove as the cool kids, or even bow fish at night with all the LED's lit up 😊 The plan of what to do it up to you, the rules onboard and captaining fall to me.

DragonClerk will bring the boat, life jackets, some fishing gear (but we are not a fishing outfitter) the gas for the day, bow fishing gear, water toys (AirChair, Tube, Water Guns, etc), fuel and cover all lake permits for the boat for the day. All you have to do is show up at the dock and step on.

I'm not opposed to make it a full weekend, but only 1 tent fits on the boat big enough for 2, which is for me, but I do have tents if you want to put up with the shore tent life, I don't like rocks and bugs so I will stay on the boat 😊 Another option is super late night, swimming in the dark while anchored in the deepest area sonar can find, or fall duck/goose hunting after the top and sides get put back on to make it dry and warm.

In reality, there are so many options, one could never list them all here so lets go get wet ... or at least get on the water!!

Sabudawn Hunting safaris has it's origin from the African language, Tswana, that means "Elephant". Our beautiful reserve offers outstanding trophy hunting opportunities under exquisite South African skies. At Sabudawn we offer unique, comfortable and homely facilities, personal service and unbeatable trophy hunting success rates!

Being the owners, outfitter and PH's of Sabudawn Hunting Safaris and with 20 years' experience in the industry, we will assist you in the planning and execution of your entire hunting trip. This includes paperwork, such as the rifle importation permit, packing list, travel tips, recommendations and taxidermy services. We offer all of this at **no extra cost**, ensuring you a total relaxing and well-planned hunting safari.

Sabudawn offers true African hunting safaris with emphasis on **"fair chase" and ethical hunting**. Most, if not all hunting will take place on the Sabudawn hunting concessions. As Lucas Groenewald, (the owners and PH's) and their families grew up in the area, they and their qualified team of field guides know the land and are intimately knowledgeable about the area you will be hunting on.

7 DAY RED STAG HUNT

VALUE: \$10,000.00 Min:\$4250

What: 7 Day/6 night Scotland fully guided Hill Red Stag hunt for 1.

- ✓ Lodging, meals included
- ✓ Includes round trip airfare.

Where: Lands of Loyal Hotel, Alyth Scotland

When: September/October 2024 if available, 2025

- ✓ Available in an alternate year by arrangement

(Bring a non-hunter along, they will have a great experience touring historical sites, castles, and shopping at a cost of \$3,450.00)

Without question, our red stag hunt in Scotland is at the top of the list of the most exciting and exceptional hunting values that we at International Adventures have put together in the thirty plus years we have been taking people big game hunting.

Our hunters are housed at the luxurious Lands of Loyal, an 18th Century duke's estate, that serves some of the best meals you will find anywhere in the world.

Your hunt includes the harvesting of one hill stag. These are stags that have been born and raised in the high Scottish heather and are allowed to reach maturity that enables them to sport a nice set of antlers.

We will also include the shipping, importing, and clearing of their trophies on a cost basis under our own US Fish and Wildlife import/export permit (huge savings) within 60 days of the conclusion of our hunt.
