A member of the Rosebud Sioux Indian Tribe, Senator Ralph Shortey was born in Casper, Wyoming. He spent part of his childhood on the Rosebud Sioux Indian Reservation in Grass Mountain, South Dakota before moving to Oklahoma City where he attended Moore Public Schools. Shortey graduated from Westmoore High School in 2000, and following graduation he attended Heartland Baptist Bible College in Oklahoma City in preparation for mission work in Uganda. In 2002, Ralph married his high school sweetheart, Jennifer and continues to make his home in south Oklahoma City with their two children, Kaitlyn and Elena. With a growing family, Shortey decided against pursuing mission work and instead entered the oil and gas industry, working as a production consultant. In 2010 Shortey, a long-time political volunteer, decided to run for the Senate District 44 seat. In addition to serving in the Oklahoma State Senate, he is currently pursuing a degree in finance and economics. Senator Shortey's priorities in the Legislature include personal liberty, fighting illegal immigration and strengthening public safety in Oklahoma.

# OKLAHOMA STATION

A CHAPTER OF SAFARI CLUB INTERNATIONAL

## Oklahoma Station - SCI Supports and Contributes Funds Locally & Nationally

*The future of hunting is up to each one of us. It is our financial donations, our efforts in the political arena, and our ability to educate the uninformed public of the important role hunting plays in the welfare of the animal population and their habitat. Our activities and energy must focus on 3 areas - Conservation, Education, and Governmental affairs.*

*We, the members of SCI, are the last best chance that wildlife has to survive in a healthy habitat, and we have to preserve our right to hunt.*

## Oklahoma Station Chapter, SCI is a 501 c (3) Charitable Status Organization

### Protect the Freedom to Hunt

**FINANCIAL SUPPORT TO PROTECT OUR FREEDOM TO HUNT & WILDLIFE CONSERVATION PRORAMS** - Thirty percent (30%) of net monies raised by the Oklahoma Station Chapter support programs that provide for full-time staff lobbyists & biologists in Washington, DC. Sci is the only hunting organization that has full-time lobbyists & biologists working to provide sound scientific information to influence legislation and regulations that affect hunting both at the federal and state levels. **70%** of funds raised by the Oklahoma Station Chapter are used in Oklahoma for hunting-education, wildlife-conservation and humanitarian-services programs.

**FINANCIAL SUPPORT TO OTHER CHAPTERS FIGHTING ANTI HUNTING REFERENDUMS IN THEIR STATES.** 2008 support to Alaska Chapter to defeat a wolf referendum that would decimate ungulates (DEFEATED!).

### Conservation

#### OKLAHOMA HABITAT DONOR PROGRAM -

- Financial support for the Hackberry Flats Wetlands project, Frederick, OK.
- Financial support for a "Quality Deer Management" program in Lincoln County, OK.

**RESTORATION OF RUFFED GROUSE & PRAIRIE CHICKEN** - Financial support towards restoration of ruffed grouse and Greater Prairie Chicken habitat in Oklahoma. 2009 support for Audubon Society/OSC conservation project to protect the threatened Lesser Prairie Chicken in Northwest Oklahoma in conjunction with the Lesser Prairie Chicken festival.

**INTRODUCED EIGHT (8) ELK INTO THE EXISTING HERD IN SE. OKLAHOMA** - Chapter financed the purchase, transportation and release of 5 mature bred cow elk and 2 mature bulls plus radio-collar transmitters for monitoring purposes. These 8 elk will improve the gene pool in the existing elk herd in SE Oklahoma which is in cooperation with the Timberline Elk Ranch, Cushing, Oklahoma, and the ODWC.

**2005 AIR BOAT (18 X 8'), 502 CU. INCH CHEVROLET ENGINE 502 HP RATING WAS PURCHASED FOR OKLAHOMA DEPT OF WILDLIFE CONSERVATION USE.** Over the past several years, the ODWC has worked to develop comprehensive lake-level plans supporting Japanese millet-seeding programs on Oklahoma Corps of Engineers lakes. Most of these areas are inaccessible to conventional boats due to very shallow water depths and are quite extensive in size, ranging from just a few acres to several hundred. The airboat offers a much higher degree of safety and durability, in addition to increased accessibility to the seeding areas, essential to ensuring the program's continued success.

**ODWC Contributions** – Since the foundation of the Oklahoma Station Chapter of SCI, over \$ 250,000 has been funded for various Wildlife Department programs either through direct funding or purchase of equipment for ODWC use.

## **Education**

**SIGNIFICANT FINANCIAL SUPPORT FOR YOUTH EDUCATION & OUTDOOR PROGRAMS** – Archery in the Schools program (\$ 9,500 in 2008), Last Frontier Council - Boy Scouts of America; Eddy Eagle Gun Safety program; Make a Wish Foundation, Youth Hunter Education Challenge, & the 4H Youth Shooting Team.

**OKLAHOMA DEPT OF WILDLIFE CONSERVATION COLORING BOOKS** - We purchased 65,000 wildlife conservation coloring books for school children.

**APPRENTICE HUNTER PROGRAM** -An annual youth essay writing contest that focuses on America's hunting heritage; co-sponsored by the Okla. Dept of Wildlife Conservation. Two students in the 11-14 age category win scholarships to attend a weeklong program at the YO Ranch in Mountain Home, Texas. One boy and one girl, 15-17, each win a guided pronghorn antelope hunt in New Mexico and presentation of their mounts at the Annual OSC Awards Banquet & Charity Fundraiser.

**THE AMERICAN WILDERNESS LEADERSHIP SCHOOL** - Each year, our Chapter and the Okla. Dept. of Wildlife Conservation sponsor two Oklahoma educators for an 8-day experience at SCI's Granite Ranch near Jackson, Wyoming, in fields of wildlife ecology, firearm safety and shooting sports, camping, white-water rafting, stream ecology, natural resource management with a base knowledge from which to evaluate conservation efforts. They bring this training back to their classrooms to educate thousands of Oklahoma youth on the value of hunting as a wildlife management tool.

**STEP PROGRAM** – Okla. Dept of Wildlife Conservation's **Shotgun Training Education Program ("STEP")** – OSC-SCI supported this program by originally purchasing a custom built 26-foot long gooseneck equipment trailer. OSC purchased two additional trailers in 2008. These trailers carry the program's portable trap machines, firearms, ammunition, safety and gun maintenance equipment. In the past 10 years, 100,000 persons in the state of Oklahoma (65% are youth under the age of 18) have participated in STEP, learning the importance of hunting as a conservation and management tool and improving their shooting skills to ensure the humane harvesting of wildlife.

**OKLAHOMA WILDLIFE EXPO** – Our Chapter supports the ODWC - Wildlife Expo with significant funding and with workers. This is the biggest and the most successful comprehensive hands-on outdoor education experience and recreation event in State history. Approximately 45,000 attend annually. In 2008, OSC featured "Predators of Oklahoma" with a game for thousands of youth to identify the animals and win a prize for successfully doing so (all eventually won).

**WILDLIFE HERITAGE CENTER MUSEUM, ANTLERS, OK.** – Our Chapter contributed to the building of the museum/learning center in SE Oklahoma. The operation is a joint agreement of the Okla. Dept of Commerce, Okla. Tourism and Recreation Dept and the Okla. Dept of Wildlife. The facility will be utilized as a regional tourism attraction while at the same time serving as a wildlife and natural resource conservation public education center.

**SAFARI IN A BOX** - Safari in a Box is a K-12 education kit designed to provide exciting, hands-on learning. It gives teachers and others who work with young people resources and ideas to introduce youth to important concepts of habitat, wildlife management and impacts resulting from human and wildlife interactions. Initial SIB placement was in memory of OSC member David Rocker.

**"SCI SAVES CSI"** - 2009 support of OSU's "Insect Adventure", a project which teaches basic conservation principles to over 300,000 individuals in Oklahoma each year (and also contributes to the conservation of the endangered American burying beetle, a species valuable in Crime Scene Analysis).

### **Humanitarian Services**

**SAFARI-CARE** – On numerous occasions, OSC members have traveled internationally and carried medical, educational and relief supplies to villages in need of support.

**SPORTSMEN AGAINST HUNGER** – OSC originally funded 100% of operating expenses for the program in excess of \$200,000 annual budget. OSC also managed the program State-wide for over 10 years. OSC continues to financially support this program annually, and in 2009 we supported this program with a \$ 2,000 contribution to ODWC.

**SENSORY SAFARI DAY** - A hands-on adventure for sightless and sight-impaired children and adults. Members loan their animal mounts for these people to see for the first time, through their fingertips, animals from around the world. The event is co-sponsored by the Okla. Dept. Wildlife Conservation, Oklahoma Station Chapter - SCI and the H&H Gun Range.

**VETERANS' HUNTS** – OSC organized Mid-East-Conflict veterans' hunts in conjunction with Jay Barczak of Wild Game Outfitters-Duchess Creek Ranch, Porum, OK, and in conjunction with other supporters. In 2009, three veterans were drawn from public nominations for guided elk and deer hunts complete with all accommodations. In 2010, OSC and Mankazana Safaris will present a Purple-Heart veteran the hunt of a lifetime. OSC supports our troops who protect our freedoms!

## 2012 Conservation Education Scholarship

Essay Contest Sponsored By:

Safari Club AWLS

Oklahoma Chapter

Two educators will be awarded a scholarship to an eight-day conservation education school at Safari Club International's American Wilderness Leadership School (AWLS) at Granite Ranch near Jackson, Wyoming. The AWLS program covers many different aspects of conservation education.

Lodging, meals and training materials will be provided by Oklahoma Station Chapter Safari Club International. Transportation to Jackson, Wyoming, will be covered by the Oklahoma Department of Wildlife Conservation.

Educator applications are judged in categories such as:

- Training in conservation education or environmental education programs.
- Current programs you are conducting in your school and community with a conservation and environmental emphasis.
- Past programs you have conducted with a conservation and environmental emphasis.
- Teachers of state winners in the youth essay contest: Hunting: Sharing the Heritage, will receive priority consideration.
- 
- The AWLS program is conducted during the summer. AWLS presents an outdoor program for educators which concentrates on natural resource management and provides participants with a base knowledge from which they may evaluate conservation efforts. Participants learn about stream ecology, map and compass, language arts and creative writing in an outdoor setting, fly tying, shooting sports, wildlife management, the Yellowstone ecosystem, camping, white-water rafting, educational resources and how to implement outdoor education ideas. Six sessions will be offered June through August of 2013.

### **Archery: What I like about archery in the schools and bowhunting.**

The Archery in the Schools Program helps students not only learn, but experience what it is like to bow hunt or shoot a bow. It builds self-confidence and gives kids something constructive to do. It also improves the student's behavior and motivation. I think if I wasn't in the National Archery in the Schools Program I would have nothing to do with my free time. I think if we can impact one kid's life, it's worth it.

Archery in the Schools teaches you how to hunt, shoot a bow, as well as patience. The National Archery in the Schools Program is an approved physical education program. The program began in Kentucky in 2002 and there are now 47 states as well as Washington DC, five

Canadian provinces and six countries (Australia, New Zealand, South Africa, Canada, USA), with over seven million students competing in the program. I think this program fits easily into the school day. It helps kids to stay in school and not drop out, because it is something fun for them to look forward to do after their school work is done.

It's just something to boost their self-confidence and make them realize they can do much more with their lives. It sets higher goals for them so they can get good scholarships for school. Bow hunting comes naturally to someone that is in this program because when participants get better in the program they start to excel and want to put their skills to the test. This also gives them something to do so they don't get in any kind of trouble. Bow hunting dates back to the Stone Age and can be traced throughout history in many regions around the world, including Asia, Europe, and North America.

Native Americans were skilled bow hunters. While their bows and arrows were often crude, they overcame the limitations of their equipment with their exceptional ability to stalk within close range of wary prey. The ability to get close to game remains the essence of all bow hunting today. As immigrants moved into North America, they gradually combined European and Native American archery techniques and technology. The first archery club in America, known as the United Bowmen of Philadelphia, was formed in 1828.

I told you about some bow hunting history, now I will tell you why I myself like bow hunting and the Archery in the Schools Program. I like the Archery in the Schools Program because it lets me express myself and what I like to do. I went to the regional competition last year, and did a lot better than I thought I would do. This program allowed me to get into bow hunting and I hope to shoot a deer next year during archery season and accomplish something I have wanted to do for a long time.

## Four Years Waiting

I waited for years, silent, listening to my dad's and brother's stories of their first deer. I had even heard the tales of others, around the campfire, at a traditional deer camp. Although, I enjoyed the ghosts of the past, I longed for my own special story to share. I wanted it to be different than the others I had heard. It began something like this...

Four years I waited to bag my first deer. I would not take just any deer; it had to be an eight point buck. Passing chances at plump does and even letting a large six point buck pass by me the year before, I stayed true to my vision. Four

years of going into the woods went by with a new hope rekindling each time I set up for a buck. Finally, my hopes of getting a crack at the stag of my dreams came around.

Before the hunt even began, I was taunted. While getting off the highway by an old country gas station, an old pickup truck paraded by. My eyes were locked on the branches that stole most of the space in the bed of the truck. Massive bases that seemed the size of tree trunks and tines the size of saplings projected above the bed sides and tailgate! I began picturing myself taking a buck as large as the one displayed in front of me. I dreamed at least a hundred different scenarios, all ending with me holding the rack of a colossal buck.

Pulling onto the ranch in western Oklahoma, my hopes were high for the last hunt of the season. It was an unusually warm November evening. Both dad and I eagerly prepared for our hunt by loading our guns and strapping on our backpacks full of gear. We set off from the dusty pickup and crept about a quarter of a mile through overgrown grass. As we neared my tree stand, I scanned the meadow we approached hoping to catch any bruins making use of the evening sun. Slowly, I climbed up and settled into the ladder stand that was leaning upon a giant cottonwood. Perched fifteen feet in the air in what seemed to be the main jet stream, the last leaves of fall were losing their grip on the ancient tree. My dad wished me good luck and bid me farewell as he set off for his own evening hunt. I watched as he slipped through the tall, golden, river bottom grass. He barely got more than ten yards away when I saw the first flicker of movement on the opposite end of the field.

As if a school lunch bell had sounded off, deer began to enter the meadow. The first rustle happened straight in front of me. A young fawn bounced out of the thicket of brambles as the mother doe slowly inched her way to the edge and stopped to assess the potential dangers. Seconds later two younger does bounded from

the other end, as if they were in a race to get a bite of the tender grass. A gust blew through and gave a slight chill to the air, rustling the branches like a giant wind chime as it passed.

Minutes passed as I scoured the landscape for a tall tined stag, when like a mirage he stepped out of the tall grass. Was this the buck I had been dreaming of? He stood erect and attentive at the edge of the meadow with a heavenly light shining over him, presenting a most majestic image. I fumbled for my binoculars. By this time, my heart was pounding almost aloud. He was roughly two hundred yards away and now in a trot with a noticeable limp in his back left leg. As he closed in, near the three does and fawn, I slowly brought the gun up and braced it against my shoulder. The buck came closer and the other deer scattered toward the outskirts of the clearing. Now only eighty-five yards away, he slowed to a walk and I lined up the sights right behind his left shoulder. Inhale, exhale. Inhale, exhale. Inhale, hold...

Sigh! Just when I was about to squeeze the trigger one of the does walked behind him, forcing me to wait for my next opportunity. Another gust of wind ripped through the trees making the whole tree and ladder stand sway in its midst. Taking deep breaths to calm myself, I began to regroup. I again aligned the sights and checked to make sure nothing impeded my shot. I slowly eased the trigger back...BANG! The buck was still standing! He had not even flinched at the rifle's report that echoed along the canyon walls of the river bottom. He looked straight ahead with his head slightly stretched out, but there was no movement. Did I miss? An eternity seemed to pass, but only seconds had ticked by. I jacked the bolt to load another round into the chamber. Placing the sights back on him, determined not to let this buck get away, I squeezed again. BOOM! The second shot rang across the surrounding landscape. The three does and fawn took off running out of sight. The buck staggered forward a few yards, falling into the native bluestem. I was breathing harder than ever before as adrenaline coursed

through my veins. My ears faintly rang from the two shots. A seemingly endless stream of thoughts ran through my mind, but one thing was for certain. I had finally harvested my first deer, and eight point buck just like I had imagined all those times before.

My dad had never even approached his stand, he was able to see my every movement through his binoculars after hearing the crack of my first shot. What seemed like a long scene from a play had actually only taken several minutes. He hurried back to me and my prize, smiling proudly. My mouth could not move fast enough. I stumbled over my account as I described the event that had just ensued. Both sides had four points and both bullets had found their marks, just as I had envisioned.

Now the heritage of hunting continues and so does the tradition of storytelling around the camp fire. Only now, instead of merely listening to the stories of others, I can also recount my tale by the flicker of the flame and under a blanket of stars. I am proud to say that my dad had passed on his love of hunting and maybe even more so the complete experience. The heritage of hunting is a tradition I am proud to be a part of. Sharing the heritage give me chances to not only spend time with my family but others. Every fall, we prepare for the hunting season, practicing with our guns and bows, plotting points on the maps, and improving our calling techniques. Receiving this opportunity has allowed me to become closer with not only my family but Mother Nature as well.

### **Archery: What I like about Archery in the Schools and bow-hunting**

Archery, for me, has a sort of peaceful and tranquil feel to it that you just can't get when holding a gun. While hunting or practicing with a gun, respectfully, does leave you with that adrenaline rush, archery just leaves you feeling calm and serene. Archery/bow-hunting can be traced back to the earliest of hunters; it is a part of our history, heritage, and survival.

Sadly, archery has been lost or forgotten by most of my generation, this is why I think that the Archery in the Schools program is a good re-introduction of the art/sport. One aspect of it

that I particularly like is that the sport does not know bias directed towards gender, race, size, strength or speed, and is dominated by none of these as many sports are. It also helps kids focus in on the target, be it the actual target your shooting at, or a target or goal that they are trying to reach elsewhere.

It has improved, I believe, my own focus and determination. My focus has been improved from obvious reasons-if you don't focus in on the target/goal, they you won't hit/reach it. I try to apply this in my own everyday life as much as possible. My determination has been improved because I've learned that if you want something, say to hit the center of the target, then you have to work and work at it to make it happen.

Unfortunately, there are some any kids that do not have the opportunity to experience this enlightening experience, and even more kids don't even know or think about it. However, I believe that if kids were given the opportunity learn about and try archery then there would be a huge rise in the amount of students who are interested in and participate in the sport. This could be achieved through the Archery in the Schools program, but first it has to be in the schools.

I want other kids to be able to enjoy this feeling as well, and it's so incredibly simple. You just pick up a bow, set your arrow, take your stance, breathe in, aim, breathe out, and release. Anyone can feel this as long as they're provided with the needed materials of course. The sad thing is that a lot of people don't have the money to buy all of the materials that makes archery fun and safe. The to all of these problems in the Archery in the Schools program.

I love the program myself, and think it gives kids like me a chance to get involved in something fun and unique. It gets us involved in competitions as well, but whether we go or not, it's always fun and something I look forward to.

### Hunting: Sharing the Heritage

The first time I went hunting was great. I was probably five years old. It was very fun, and I got to see all kinds of things not all people get to see everyday. It was I, and my dad, we were deer hunting, and we never saw a deer but it was great to be out in the woods with my dad connecting with nature. I also remember we were sitting eating lunch at camp when a doe stepped out in an opening near camp. My dad got his run ready then he shot. It felt like the ground shook and fire came out of his barrel of his gun. It was cool, but he missed. That was the first time I went hunting.

Hunting has always been a tradition in my family. I love going out in the woods with my

dad. Without my dad I would never have had the opportunity to go hunting. I would love to pass down hunting to my kids. I hope I will never have to lose my privilege to hunt.

In my family it's all about conservation. We have always taken just what we needed from the land, and we have always followed the regulations. Whatever we harvest, we have always taken home for the dinner table. Being members of organizations such as Ducks Unlimited, has given us a very good perspective on conservation and its importance to hunting. A concern for the well being of the lands that we hunt on has really grown our awareness of the conservation needs of those lands.

I love sitting in the duck blind with my dad. I love watching the stars and just listening. You can hear all kinds of things if you just sit and listen. When I'm just sitting in the dark waiting on the first light, listening, I feel like I'm a part of nature. When we hit the first note on our calls to let the ducks know we are there, my adrenaline really gets going! There is nothing like it when the ducks start quacking and with wings locked, dropping into the decoys!

Sometimes it's not always about harvesting an animal. It's more about getting connected to nature. I also love just watching all the animals around me when I'm hunting. Even if it's just a little bird on a branch, or a coyote walking across a field. Just watching animals gets me going. When I'm out in the woods, I realize that we humans aren't the only creatures benefiting from all that nature provides for us.

Often we spend money on things we don't always like it. However, when buying tags or buying duck stamps, we know it goes to the conservation of wildlife. Paying boat ramp fees, paying to camp in wildlife management areas, buying corn for feeders, all contribute to help ensure that we will always have hunting to enjoy for ourselves and for our future generations.

# 28th Annual Convention Banquet and Fundraiser

Oklahoma Station Chapter – Safari Club International  
2013 Live Auction

## OFFICIAL LIVE AUCTION RULES

### *PURPOSE OF THE AUCTION*

The Oklahoma Station of Safari Club International (OSSCI) is dedicated to supporting worldwide conservation, protection of sport hunting and fishing and outdoor educational goals. The OSSCI Convention is an opportunity for sportsmen and women to come together and renew old friendships and form new ones. We work very hard to attract outstanding hunting and fishing packages from reputable outfitters, who have graciously donated to the organization's efforts concerning important educational and conservation programs. We encourage you to place your bid with confidence and in the spirit of providing necessary funds for local, national, and worldwide conservation and at the same time, obtaining goods and services that you can enjoy.

### *PROCEDURES FOR THE AUCTION*

You must register to receive a bid number and participate in the auction and silent auction. You are responsible for the care and use of your bid number.

When bidding from the floor, raise your hand, napkin, or if necessary, stand to get the attention of the auctioneer or one of this staff.

The auctioneer and his staff are responsible for the auction. Their rules must be followed explicitly. All decisions of the auctioneer will be final. All high bidders are responsible for payment of the auction items according to the payment terms as set forth herein. The auctioneer will decide any disputes regarding the bids during the live auctions.

In order to help you enjoy the live auctions more and ensure that you are successful in bidding for your favorite items, we make the following suggestions:

1. Read the description of each item carefully from the auction list prior to the auction. The auction team will not always read the full description of each item.
2. Ask questions ahead of time, talk to the donor, or check with an OSSCI Director.
3. Please note that some items may have minimum bids, which will be announced by the auctioneer.
4. Note: Some of the items on donated hunts which may not be included unless specified:
  - a. Travel expenses to and from destination,
  - b. Hotel and meals before and after the hunt.
  - c. Alcoholic beverages,
  - d. Trophy dipping, packaging and shipping,
  - e. Gratuities
5. Unless explicitly stated otherwise in writing in the description of a particular item, it must be assumed that a hunt or other trip purchased at this auction may not be used in conjunction with any other discount, promotion, special offer or other SCI/other-auction trip from the same outfitter.
6. Announcements at time of Auction supersede all prior statements whether printed or oral.

Most hunts, unless otherwise noted, are for the 2013 season.

All trips, unless noted otherwise, expire January 31, 2014.

Special arrangements other than as set forth on the auction list are expressly, between the donor and you.

The Board of Directors of the OSSCI must approve all changes regarding trip dates.

Some non-hunt donations may require delivery and installation at your expense.

## ***PAYMENT TERMS***

**Payment guidelines for the auctions will be as follows:**

1. A "Buyer Acknowledgement Form": will be executed by the high bidder immediately following the auction of each item. When you sign the Buyer Acknowledgement Form you will do so subject to the terms and conditions of the Official Auction rules and any disclaimer therein contained.
2. All high bidders must pay in full for the auction items at the conclusion of the respective evening's auction. Please see the cashier before leaving the Auction Room.
3. All items bought or purchased at the auction may be paid by cash, check or credit card (Master Card), Visa or Discover Card). Please go to the cashier immediately after the auction and make the necessary arrangements under your election of payments.
4. All bidders must be current from any previous year's auction in order to receive a bid number.
5. The Oklahoma Station of Safari Club International must approve any variances to the payment.
6. Note that trophy fees are subject to change until a hunt is actually taken, even if the most currently available fees may be stated in the description of the hunt.

## ***DISCLAIMER OF LIABILITY***

**Goods:** All goods in the live auction, silent auction, and general contests have been acquired or obtained from third parties. The high bidder acknowledges that the goods have not been inspected by Oklahoma station of Safari Club International, and is advised, in the case of firearms, knives, bullets or other weapons to secure a competent inspection and test of the goods before use. The goods in the live auction are sold "as is" with all faults and defects, and without any express or implied warranty on the part of Oklahoma station of Safari club International. Oklahoma Station of Safari Club International does not accept any responsibility or liability for any product, design or use. Any written warranties with respect to the goods delivered to the purchase are those solely of the manufacturer or their agents, and shall be the sole liability and responsibility of the manufacturer. All firearms obtained for this event will be transferred in accordance with federal, state, and local regulations.

**Services:** All services, hunts or otherwise, in the live auction, silent auction and raffles have been acquired for and are to be furnished by third parties and contain the same reservation set forth under "GOODS" above. No services in the live auction are to be or will be performed by the Oklahoma Station of Safari Club International. Oklahoma Station of Safari Club International shall bear no responsibilities for the delivery or quality of any of the services or for any loss or damages arising from or related to or connected with the performance or nonperformance of such services. The high bidder further acknowledges that in the event services are purchased, Oklahoma Station of Safari Club International cannot be responsible for or liable for any political unrest or instability that may occur outside the confines of the United States, nor can Oklahoma Station of Safari Club International be accountable for any injuries or damages that may arise there from. The high bidder further acknowledges that his/her purchase is final and non-refundable under any and all circumstances, and that should legal action be required to collect for these services acquired by the high bidder at the auction. Oklahoma Station of Safari Club International shall be entitled to all reasonable attorney's fees, cost of court and interest as provided by law.

**Tax Considerations:** Under the United States Internal Revenue code, Section 6113 (disclosure of non-deductibility of contributions) enacted with the Internal Revenue Act of 1987, Oklahoma Station of Safari Club International advises that it is a 501 (c) 3 charitable nonprofit organization. However, auction payments paid to Oklahoma Station of Safari Club International do not automatically qualify as charitable deductions for tax purposes. Charitable deductions, if any, are considered to be only the amount paid in excess of the fair market value of the auction time. Please consult your tax advisor and IRS Publication 1391 - Deductibility of Payments Made to Charities conducting Fund Raising Events for more information.

**Eddie Haynes**

**Craig Buford**

**Eddie Haynes** has been an icon in the real estate auction business for over 30 years. He is licensed to sell real estate in over 25 states and has marketed real estate, at auction, all over the U.S. and in foreign countries. Eddie's career includes sales of multimillion-dollar “trophy”, commercial, residential, farm and ranch properties.

Haynes is a past-president of the National Auctioneer's Association and a member of the National Auctioneer's Hall of Fame. In addition, he has taught numerous auction and real estate classes at the national level and for various auction schools.

Sales include former U.S. Treasury Secretary and Sen. Lloyd Bentsen's 10,000 acre Texas ranch; Top 10 Lifestyles of the Rich and Famous Bildarth Mansion; Ragged Island off Chesapeake Bay; Texas-based Veladi Ranch; billionaire John McAfee's (developer of McAfee Virus Scan) beach front property in Molokai, Hawaii; the town of Lajitas, Texas and other properties in the Hawaiian Islands, Alaska, the Virgin Islands, and throughout the United States and Canada. He holds the distinction of sales surpassing \$550 million in RTC asset liquidations and the \$2 billion dollar mark in sales of oil and gas properties.

**Craig Buford, Buford Resources, Inc.**, has been in the auction, banking and ranching business for over 30 years. He has a history of making big things happen; from the organization and sale of a 30-property six-county real estate sale for the United States Federal Court in Dallas, Texas, to building a banking franchise, to rebuilding a state association of 100 community banks, to developing hundreds of top quality replacement females and managing large stocker and seed stock cattle operations.

Buford has extensive banking connections in Texas and Oklahoma and is known in banking circles nationally, through serving on the boards of the Southwestern Graduate School of Banking at Southern Methodist University in Dallas, Texas, the Independent Bankers Association of Texas in Austin, Texas, and the Independent Community Bankers of America in Washington, D.C. Buford's organizational and marketing skills benefit EHI sellers from the planning of the sale to the successful closing.

Sales include the W. B. Hinton Estate, 2,000 acre ranch in Gainesville, Texas; Oklahoma Land Rush 2010, a 30-property 6-county Oklahoma ranch sale of over 5,000 acres; Pecan Valley Ranch-426 acre purebred cattle ranch in Pauls Valley, Oklahoma; 45-acre lake with 300 acres and log home in Coleman, Oklahoma; Pecan Creek Ranch-500 acres in Byers, Oklahoma; Graham Land & Cattle Company-450 acres and equipment in Stratford, Oklahoma; John Beall, Jr. Race Horse Training Facility on 45 acres in Dibble, Oklahoma; Pyle Estate-750 acres in Pauls Valley, Oklahoma; ArtzPlace-a commercial office/training facility in Midwest City, Oklahoma; and David and Gloria Evans-San Bois Mountain Property-1,160 acres in Red Oak, Oklahoma.

# The FEW

## The Foundation for Exceptional Warriors

**Proactively serving those warriors that epitomize Honor, Valor, and Sacrifice.**

### **Our Mission:**

The FEW will assist in the healing process of the families and veterans of Special Operations Forces operators, those recognized for valorous actions, and also those wounded in combat; regardless of era, by providing customizable therapeutic recreational and sporting events, at both the local and national levels, to enhance their mental and physical health and to better allow for successful reintegration with their family and community.

**“HUNTING IS HEALING!”**

Victor, Purple Heart recipient, Colorado 2012

The FEW is a non-profit organization, incorporated in the State of Oklahoma. It was established in 2012 by three decorated Special Forces legends; Mark Nutsch, Ronny Sweger and Scott Neil, and two prominent Oklahoma businessmen. The FEW was founded because there were **no** organizations that specifically served a unique and exceptional group: the Special Operations Forces and the Valorous.

The need for financial support is great because all expenses for the Exceptional Warriors are covered by the FEW: including individualized adaptive instruction and equipment, transportation, lodging and meals.

Honesty, knowledge, wisdom, & maturity in hunting is based on a lifetime of hunting experience, and is also based on visiting all hunting outfitter's camps and hunting concessions prior to sending anyone to their dream hunt. This is what qualifies the word consulting that makes the difference in fully preparing all hunters long before they travel.

This is the opportunity of a lifetime, especially for sheep hunters! The winning hunter will have the opportunity to hunt for Marco Polo sheep in the mountains of Kyrgyzstan. With license and permit fees of \$23,000 this hunt is a steal compared to a Marco Polo hunt in Tajikistan which may cost up to \$60,000. The hunting Season is from 15th August until 25th November & again from 7th January until 1st of March. The breeding season starts mid November until mid December.

The Marco polo sheep is a CITES import permit animal and requires a minimum of 3 month or more time to obtain the CITES permit from both countries, hunter must apply as early as possible. Usually the confirmed permits are issued in June or July.

Our area has a very good reputation for large black bears - the one time Pope & Young record for the province was killed here. Our hunts are similar to the Vancouver Island black bear hunts, producing similar size bears with excellent coats due the colder winters. As licensed BC guides and outfitters, Fawnie Mountain Outfitters offer a variety of big game opportunities in the Chilcotin wilderness of British Columbia. Our bears come in a variety of colours - black, brown and blond, with black and brown as the most common.

Our guides drive a 4x4 pickup truck to feeding areas, glassing, spot and stalk. The bears are fresh from hibernation, and their choice of feed in the area is green shoots, clover, and dandelions. With our camps on lakes with floatplane access, we are able to pick up hides soon after the kills, so that we can freeze them without any danger of spoilage. Rainbow trout are plentiful at the camp and at the lodge.

This hunt includes one bear for winning bidder and discounted rates for a guest., transportation for Prince George to lodge, floatplane from bear camp to fishing lodge at Moose Lake you have successfully hunted your bear. Each hunter can take a second bear for \$1175 (includes trophy fee and extra tag). Bear hides can be delivered to local taxidermist or frozen for the hunters to bring home on their flights.

Without question, our red stag hunt in Scotland is at the top of the list of the most exciting and exceptional hunting values that we at International Adventures have put together in the thirty plus years we have been taking people big game hunting. Our continual search for outstanding opportunities has enabled us to acquire the hunting rights on some of the best estates in all of Scotland, where head game keepers highly manage the harvest of their animals, offering our clients guaranteed shooting opportunities at mature stags.

Our package includes your round-trip airfare from your nearest major international airport to Edinburgh, and all airport transfers. Our hunters are housed at the luxurious Lands of Loyal, an 18th Century duke's estate, that serves some of the best meals you will find anywhere in the world. Your hunt includes the harvesting of one hill stag. These are stags that have been born and raised in the high Scottish heather and are allowed to reach maturity that enables them to sport a nice set of antlers.

Once your red stag is harvested, additional time may be spent hunting roe deer, fallow deer, sika deer, pheasant, partridge, ducks, geese, hares, and rabbits well as possibly doing some touring, seeing some of the historical sites and castles so famous in Scotland. Many of our clients also add on other exciting hunting opportunities such as hunts in England for muntjac, Chinese water deer, Pere David deer, hog deer, sika deer, and other animals offered in that region of the UK

**LEGEND (lej-end)** is a narrative of human actions that are perceived both by teller and listeners to take place within human history and to possess certain qualities that give the tale verisimilitude. Legend, for its active and passive participants, includes no happenings that are outside the realm of "possibility", defined by a highly flexible set of parameters, which may include miracles that are perceived as actually having happened, within the specific tradition of indoctrination where the legend arises, and within which it may be transformed over time, in order to keep it fresh and vital, and realistic.

Legend Waterfowl isn't just another guided hunting trip. We know that it's not all about the hunting as much as it's about the time we get to share with friends and family while enjoying a great hunt. We spend thousands of hours making sure that your experience is a LEGEND.

For the ultimate in Decoying action, look no further than Legend Waterfowl! Our professional guides pride themselves in putting the birds in your lap. Hard scouting and preparation ensures your hunt will be a legend! We hunt Canada's, Snows, Ross, Blues, Specs. and all types of ducks including Puddlers and Divers.

No matter your choice of hunting preference. If your looking for a legendary hunting experiences that you will be passing on to the rest of your family and friends for years than make Legend Waterfowl your next destination.

# Hunt Around Oklahoma OKSSCI

OKLAHOMASTATIONSSCI.ORG

**What: Hunting Season 2013 in Oklahoma.** No trophy hunts here, just go hunting with Board Members of Oklahoma Station SCI and Members.

**Where:** All over the Great State of Oklahoma. See places and hunt areas of Oklahoma you have never seen before.

**When:** 2013/2014 Hunting Seasons

**Who:** Hunt is for one hunter

**Value: \$Priceless**

**Not Included:** Any and all costs along the way.

**Contact Network Larry** - Email: [editor@oklahomastationssci.org](mailto:editor@oklahomastationssci.org) - 405-520-5554

Every year as sportsmen we look for new opportunities and friends to enjoy our Oklahoma Outdoors. The problem of course is finding the area, the contact and sometimes the required tools or skills. Well, this year the OKSSCI Board of Directors has come to the rescue. The winner of this item will take the empty truck seat of an Oklahoma hunter, huntress, fisherman, outfitter or other (we tried to get bigfoot on the line but he hasn't called back yet ☺). The winning bidder will hunt:

**Geese** with Hugh Bereman (SCI President) January 2014 – West Central Oklahoma

**Turkey** with Dennis Bradshaw (Retired Veteran - SCI Member) Apr/May– North Oklahoma

**Predator** with Network Larry (SCI Vice President) – Jun/Jul - North Central Oklahoma

**Fall Turkey** One of the BOD – Check with Network Larry – Oct/Jan

**Dove** (One of the BOD) – Check with Network Larry----- Sep/Oct

**Antelope Archery** - (One of the BOD) – Oct - Panhandle Oklahoma

**Fall Turkey** Jedd Crabb – (SCI BOD) – Oct/Jan – South West Oklahoma

**Whitetail Buck** with Samantha and Josh Jones (SCI BOD) – Oct/Jan S E Oklahoma

**Ducks** with Dennis Bradshaw (Retired Veteran SCI Member) Oct/Jan– North Oklahoma

**Whitetail Does** with Network Larry (SCI Vice President) – Dec – West Oklahoma

**Wild Hogs** with Scott Holmes (SCI Past President) – All Year – North West Oklahoma

Hunting partners may change as alot of us cross game, and life happens, so the entire group will be an option for each trip in case. Heck, the winning bidder may actually want the slotted person to come to their honey hole for their favourite season ☺ It's all about FUN and seeing this Great State and its plethora of hunting opportunities!

Hunt the whole river valley, with most stags taken along the grassy meadows beside the crystal clear blue flowing river or in the pine forest through the valley. If you go high enough you will reach the lush mountain meadows where stags can be abundant. Over the years we have stocked this valley with superior genetics and now we can boast some of the biggest wild red stags in New Zealand. Wild red stags range from 250 – 310 SCI. This is a true wilderness experience with luxurious new modern 2008 lodging right on the river, and great brown trout fishing right at your front door. This is a strictly private area, so you are guaranteed a great time.

Rut is between March/May but magnificent trophy stags can be taken from March through to September. A beautiful Mountain Picture called High Country Heaven by Pat Pauley

The beauty of nature is evident in the wildlife and landscape paintings of Wildlife Artist Pat Pauley. Pat is an easy-going guy who enjoys hunting, fishing, photography and shooting sports. He grew up in Western Iowa where he now lives with his wife, Sandy and their five children. As a big nature enthusiast, Pat brings the outdoor world to life in his paintings with his use of composition and light. Pat gets his inspiration for his paintings from his own experiences in nature and is passionate about conservation and preserving the hunting and fishing traditions he enjoys so much.

## **Bushnell** 10x42 Legend Ultra HD

Legend Ultra HD Binoculars is a streamlined design from Bushnell with a massive field of view. These binoculars are totally redesigned with a high-performance optics upgrade and a slimmer, lighter, tougher body. The ultimate in color fidelity, brightness and light transmission, this Bushnell Legend Ultra HD Series is equipped with super premium ED Prime Glass. The razor-sharp optics are fully multi-coated and feature Bushnell's ultra wide band coating that optimizes brightness and contrast. The Rainguard HD coating on the lenses of these Bushnell 10x42 Legend Ultra HD Rainguard Binoculars also boosts light transmission while ensuring that foul weather or your own breath will never cost you a view. Bushnell Legend Ultra HD Binoculars feature a locking diopter that maintains your settings and has an ultra wide-band custom A/R coating system. All lens surfaces are individually custom coated in order to maximize the transmission of available, usable light across the entire, visible color spectrum (380nm-750nm). ED Prime Extra-Low Dispersion fluorite glass delivers amazing color resolution and contrast, and virtually eliminates chromatic aberration and color-fringing to bring out the most distinct details possible in low-light conditions. These Bushnell Legend Ultra Binoculars features an anti-reflection coating process that is customized for every lens element in the optical path, in order to allow the best possible light from the front glass all the way back to the eyepiece. The patented, permanent, water-repellent coating causes moisture from rain, snow, sleet or condensation, to bead up and scatter less light, so you can get the clearest and brightest view possible.

## **Bushnell** BackTrack Point-5

Getting back at the end of the day is as easy as pushing a button and following an arrow. BackTrack Point-5 utilizes the latest GPS technology for quicker satellite acquisition and precision accuracy. BackTrack Point-5 includes a digital compass that also shows you your latitude and longitude coordinates. Want even more features? Well BackTrack Point-5 includes the current time, temperature, and altitude. Ideal information to have for any outdoor adventure! BackTrack Point-5 allows you to store up to 5 locations: Just mark your location and return to it at anytime. Ideal for finding your car after a day of hunting, tailgating, finding your way back to your hotel in an unfamiliar city, getting to your favorite trailhead, and much more! It is also small enough to stow inside your pack, purse, briefcase, or pocket.

### The Dog Handlers Bag

We often look to the customer for new products and in 2007 a handlers' bag was requested daily. Our goal was to create the most user friendly and efficient training bag on the market. We accomplished this by asking professional trainers what they needed when in the field.

### Renegade

While most dogs will drink out of a water bottle in the field, this rarely provides adequate hydration. The Renegade is compact and rolls to fit in even the smallest space or can be attached to any belt loop, vest, or kennel.

Capacity: 12.5 cups / 102 oz.

Usage: Food and Water

### Oasis

## *Kelsey's Collection*

### **Wine cabinet with hidden gun case**

We like to say Kelsey's Collection is where Great Art and Function meet, but the WAG™ is our best expression of this vision. Multi functional - a wine rack, stemware holder, drawer for a bottle opener, napkins, and coasters, then in back a secret locked gun or fishing rod compartment big enough for 6 rifles or shotguns. Built on casters for mobility.

The frame is solid pine lacquered a medium wood tone with a light sheen. The licensed art is from among the World's Best Selling and Recognized Wildlife Artists exclusive to Kelsey's Collection for these products. The art is Giclee printed on canvas with three coats of UV coating to protect the longevity of the art. The canvas is then glued onto panels and inserted into the frames.

The overall dimensions are as follows: 22" by 22" by 57" Net weight 75#

The barrel rest and bottom of the gun compartment are lined with green felt.

The door has an antique style round door pull in addition to a lock. 2 keys are provided.

## **Bushnell** Scout 1000 ARC Range finder

Sleek, simple and deadly effective – all with the push of a button. Then, like lightning, Scout® DX 1000 ARC™ acquires the target with built-in E.S.P. Turboprocessor. ARC calculates compensated distance based on terrain angle to give you an accurate “shoots like” reading out to 99 yards – even displaying 1/10th yard out to 199 yards.

With selectable Bow and Rifle Modes, each with their own specialized capabilities; it performs like two units in one. All housed inside a sleek, rubber-armored unit that’s small enough to fit in your pocket, yet tough enough to withstand any weather or terrain.

### **Features include:**

- Built-in inclinometer provides Angle Range Compensation (ARC)
- Bow mode: provides true horizontal distance from 5-99 yds.
- Rifle mode: provides bullet drop / hold-over in inches
- Scan mode allows you to pan across the landscape while viewing a continuously updated LCD display of the distances between you and the targets you scan
- BullsEye mode: Geared for close-range use, this mode acquires the distances of small targets and game without inadvertently measuring background target distances
- Brush mode ignores the foreground, such as brush, boulders and tree branches, and provides distances on the LCD display to background objects only
- 5X magnification
- 24 mm objective size
- Range: 5 to 1,000 yards

The Trophy Bag Cooler protects the hide and meat of your harvested game. Keeping your harvest cool is paramount to preventing spoilage and the Trophy Bag Cooler does just that. The bags have a durable, 600D polyester outer shell and an antimicrobial liner that helps to prevent mold and mildew. Deer, antelope, hogs, and turkeys, can be placed in the bag and then iced down with bagged ice or our KoolerGel™ (preferred method) to keep the carcass at a temperature of 36 to 40 degrees. The Trophy Bag Cooler is reusable and has the durability to last for years. For the cleaner, neater solution to transporting game from the field to the processor or taxidermist, you need the Trophy Bag Cooler. The original short-term portable storage unit for transporting harvested game or aging meat.

The Large Trophy Bag Cooler can accommodate up to 300 pounds in harvested game.

This is a 2x1 hunt for 2 hunters, elk species of their choice ( Rocky Mountain, Roosevelt, Manitoban or Russian White Elk to choose from starting at 325 SCI ). The donation covers "Preserve Fee" for both hunters (\$1100 value) plus a \$1900 "Trophy Fee" credit, to be shared between the two clients as they see fit, for a total value of \$3,000.00us.

Silvertine is one of Saskatchewan Canada's most challenging and heavily forested hunt estates. Our Elk and Deer are free roaming on hundreds of acres of heavily forested, old growth aspen and spruce, along with many rolling hills and gullies where the game can hide. Silvertine utilizes all the ethical principals of hunting, and has created an "Estate" hunting environment that duplicates Fair Chase,

a place where you will truly have to match wits with the game animals you hunt. Silvertine specializes in

Archery and Muzzleloader hunts, but rifle enthusiasts are always welcome. Hunting can be done from large enclosed tree stands or still-hunting the timber. Your party will be the only hunters on the estate at this time, and have exclusive use. Your hunt will last 3 days and hunters can choose from a large selection of dates between August 20, 2013 and November 29, 2013, or they can choose to hunt the 2014 season. SA-248

Most hunters dream of that day when they will harvest that huge "trophy" class Whitetail buck. At Silvertine we can make that dream come true! The Silvertine preserve was born not only for the exceptional elk hunting, but also from a special passion for Whitetail deer hunting. Our hunters are not only treated to an exceptional hunting environment, but also witness first hand some of the best,

high-quality, trophy deer hunting available to the sportsman. This combination creates the ultimate hunt for trophy bucks. With a resident breeding program on the ranch and continually adding new genetics to the herd, it creates the best of the best on our heavily timbered preserve, which creates a hunt equally as challenging as anything you will find in the wild. Our deer hunts are offered after September 10th, and rut hunting can add excitement to any hunt. The only difference is our bucks have truly incredible genetics, producing only exceptional trophy class bucks with massive long beams and heavy tines.

Masterpiece Investments Charitable Division is proud to present the masterpieces of the renowned and prolific artist, Laran Ghiglieri.

The African mother elephant, largest female land mammal on the planet, also has a longer pregnancy than any other mammal: almost 22 months. Cows usually give birth to one calf every two to four years. Maybe that is why the elephant-bond between mother and child is so strong, and why there is no other primal force as powerful as an elephant mother's instinct.

A world class Master Sculptor, Laran follows his family's tradition of quality and excellence through visual arts. Born to a family of exceptional artists, he began designing and creating master works of art at age eleven.

Laran commands a dedicated following and has contributed to many spectacular monuments including a bronze eagle over 14 tons and 33 feet tall. His moving sculptures range in theme from historical to wildlife to patriotic.
