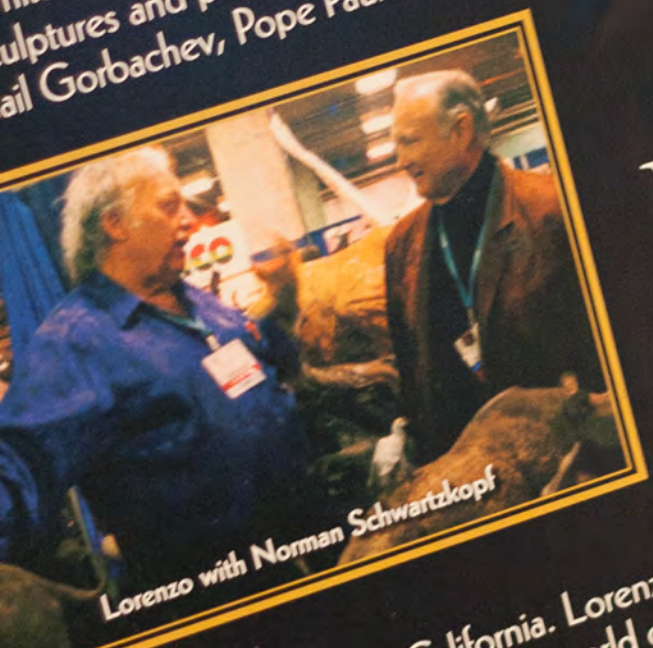
"The eye and the hand of the Master"

Lorenzo E. Ghiglieri



Lorenzo with Norman Schwartzkopf

Raised in Southern California. Lorenzo was the son of an Italian sculptor and a French artist mother. He grew up in a world of ethnic blends that enriched his understanding of world culture. After receiving formal art training, Lorenzo went forward on his own to study the Old Masters. At the age of 17 he was awarded a prestigious art scholarship, at 20 was working on national accounts and by 22 was commissioned to paint what became a gift from the U.S. to Great Britain for Queen Elizabeth's coronation.

LARAN GHIGLIERI

MPI is proud to present the masterpieces of the renowned and prolific artist, Laran Ghiglieri. Laran commands a dedicated international following and has contributed to many spectacular monuments throughout the country, including a bronze eagle which stands over 33 feet tall and weighs in excess of 14 tons. His moving and inspiring sculptures range in theme from historical and wildlife to patriotic and sports-related.

Born to a family of exceptional artists, Laran Ghiglieri undoubtedly inherited a creative streak, the legacy of generations of artistic genius. A true prodigy, he began designing and creating master works of art at the age of eleven.

Later, under the tutelage and guidance of his father, world famous Master Sculptor Lorenzo Ghiglieri, Laran collaborated, created and co-produced hundreds of paintings, sculptures and significant monuments.

By the time he was 19 years old, he had amassed a portfolio of creations including sculptures which had already achieved values surpassing $60,000.00.

Laran has both earned and cultivated his own contingency of collectors, and has contributed to many spectacular monuments in the United States, Japan and South America.

His breathtaking masterpiece, REFLECTIONS OF AMERICA, is a particular career highlight. An imposing, mirror-imaged double eagle entwined in the unfurling American flag, it stands over five feet tall and is permanently on display At the United States House of Representatives in Washington, DC.

Laran Ghiglieri has the courage and the ingenuity to continuously explore new avenues of creative expression and artistic virtuosity. His future promises the gift and the achievement of his own legacy, both the culmination of his abundant heritage and the vision of his boundless imagination.
