SCI Recognize Federal Legislator and Heritage Award Winners at 2008 Convention

Reno, Nevada – Safari Club International is pleased to announce the 2008 winners of its prestigious annual awards for selected Members of Congress. Rep Adam Putnam (R-Fla.) is the winner of the Federal Legislator of the Year. Rep Mike Thompson, (D-Calif) is the winner of the Hunting Heritage Award.

The winner of the Federal Legislator of the Year award, Rep. Adam Putnam, is a young firebrand and a fifth generation Floridian. Now in his fourth term, he is Chairman of the Republican Conference, which means he is the #3 ranking republican in the House – a tremendous feat for a lawmaker who has yet to turn 40. Rep. Putnam quickly ascended into the ranks of leadership, and now carries the conservation agenda to his colleagues when issues are pending. He is known as a hard-charging workhorse, and can usually be found behind the scenes counting votes and hammering out details. Putnam is also a former co-chair of the Congressional Sportsmen's Foundation.

The winner of the Hunting Heritage Award, Rep. Mike Thompson, represents the Napa Valley of California, is a member of the Blue Dog coalition of conservative Democrats, and has served as co-chair of the Congressional Sportsmen's Foundation. Congressman Thompson is also a past winner of the Federal Legislator of the Year award, which is a prerequisite for the Heritage Award. Congressman Thompson is a strong proponent of conservation, and believes our country's diversity of fish and wildlife should be protected for future generations. Rep. Thompson leads by example, drafting and introducing complex bills to address today's conservation challenges. Among other accomplishments, in March 2007, Congressman Thompson introduced the Endangered Species Recovery Act (H.R. 1422), which would provide landowners with tax incentives if they agree to implement species recovery plans. Rep. Thompson also introduced the Wetlands Loan Act, and a bill to make permanent some tax credits for conservation easements, both of which enjoy SCI's strong support.

The awards were conferred during SCI's 36th Annual Hunters Convention, in Reno, Nevada. SCI President Dennis Anderson offered SCI's thanks to the winners, saying "All of us in SCI leadership offer our sincere appreciation to Congressmen Putnam and Thompson for their important work. We look forward to working closely with them on hunting and conservation issues in the future."

Greetings Oklahoma Station Chapter members & supporters;

We are in the home stretch for our March 8th, 23rd Annual Awards Banquet and Fundraiser at the National Cowboy & Western Heritage Museum. We have highlighted many of the auction items in this issue of Safari Trails and will continue to add more as they come in on our website www.oklahomastationsci.org. If you haven't purchased your tickets yet, you still can by calling Verilea at (405) 721-7229, and please leave a message if she isn't there to take your call.

Since the first of the year we have worked on several programs which are noteworthy. We donated \$ 4,000 to the ODWC Hunters Against Hunger program and Richard Hatcher noted that Oklahoma Station has contributed over \$ 38,000 to that program since the year 2000. The HAH program distributed over 54,000 lbs of meat to those of need last year. We recently supported the Archery In the Schools program with almost \$ 10,000 in support which will receive matching funds from other sources. I particularly like investing in our future hunters as that is how we will keep our hunting heritage strong. Also, through a generous donation from one of our members, we auctioned a Beretta shotgun at our Fall Rendezvous and the proceeds were dedicated to the Oklahoma Youth Hunters Education Challenge for 2008. I am pleased to tell you that our Oklahoma YHEC team took several honors at the international challenge in Raton, NM last year.

Your participation and support of your chapter is what allows us to do the many noteworthy projects the Oklahoma Station Chapter works on. As far as I am aware, SCI is the only chapter based hunting organization that 70% of all money raised, stays right here in our state to work for Oklahoma programs. And I am well pleased to send the other 30% to SCI because of all the great work SCI does to protect our rights to hunt and other programs.

Did you know that sportsmen have a \$ 1 Billion dollar impact on the economy of Oklahoma? Sportsmen support over 20,000 jobs in Oklahoma. Sportsmen outnumber the combined populations of Tulsa, Norman and Lawton. Oklahoma ranks # 21 in the nation for the number of sportsmen in our state and ranks # 16 in the number of days spent afield. So, chances are you know someone who should get involved with SCI. Tell them of the fine work we do. Tell them how SCI is to hunting as the NRA is to the 2nd Amendment. Bring him or her to our banquet. Let's make a difference together.

I look forward to seeing you at the Cowboy Hall of Fame on March 8th.

Sincerely,

TROPHY ROOM

ALL IN A DAY'S WORK

On Saturday morning January, 26 2008 our the group of four Oklahoma Station Chapter Safari Club members awakened in the Lodge of Flying W Pheasant Ranch of Plains Kansas to a sumptuous breakfast prepared by hostess Nancy Winfrey. Shortly thereafter the group joined owner Leon Winfrey for a day of pheasant hunting that only the clear blue skies of Southwestern Kansas can offer. The weather cooperated giving us a very mild breeze and 54 degree temperature.

The hunters included: Dr. Bill Lockard accompanied by his faithful 11 year old Labrador Retriever-Hunter

and Hunter's fifteen month old son-Max, Mark Lea "Beau" Cantrell, David Berry and Sam Munhollon.

David Berry bought a new 28 gauge shotgun to try during this hunt and proved to be quite proficient with it as did all of the hunters who were able to harvest 50 pheasants during the day's hunt.

Conclusion: for comfortable accommodations, excellent table fare, superior hunting experience, please consider booking a hunt with long time donors to OS-SCI, Flying W Pheasant Ranch. The hospitality and hunting will never be better.

AODAD HUNT

Hunt specifics:

Free Range Aoudad (Barbary Sheep) hunt conducted on private land in New Mexico.

Guide: Mike Tays of Tays Guide Service (<http://www.pvtnetworks.net/tays/>), operating out of Tinnie, NM. Offering 5 day, fully guided Aoudad hunts for two hunters per year, as well as offering desert mule deer and pronghorn hunts. Hunt costs include all meals and accommodations at the Tays home. The guides are extremely qualified to spot and judge trophy animals. All equipment first rate, food outstanding and accommodations excellent.

Hunt takes place in rolling high country desert, at about 5500 ft. elevation. Spot and stalk only. Long hikes are the norm and being in good physical shape recommended. Good optics also recommended. Expect to see sheep every day, although their numbers are not

high. However, New Mexico sheep have excellent mass and trophy quality is high. Aoudad sheep have excellent eyesight and provide a very challenging hunt.

This hunt is taken in some of the most picturesque county imaginable, with El Capitan as your backdrop. The area is rich in history, as it was the home of the Lincoln County Wars, with the infamous Billy the Kid. I found the weather to be very similar to Oklahoma City's. American Eagle flies into Roswell, NM., which is about a one hour drive to the ranch.

Game taken: one Aoudad measuring 27 3/4 inches, taken on Feb 1, 2008

Season: Opens February 1st and runs for 6 weeks. First rate hunt. Highly recommended.

Jim White- Roe Deer 8-03-2006, Hungary

FINDING A NEW RELATIVE: PRICELESS

It all started two or three years back, after our first trip to Africa and New Zealand. I asked my wife Mary, if there was anywhere she would like to travel. She answered without hesitation-Hungary, where her grandparents were born.

About a year later, I read an article in SAFARI MAGAZINE about Roe Deer hunting in Hungary, and the wheels started turning. I contacted a good friend in Tulsa, Mike Mistelske, asking him to book a trip for me to Hungary for Roe Deer and Wild Boar hunting. After much research, Mike came through with Hunnia Co. Ltd. Hunting & Game.

We arrived in Budapest on August 1, 2006 and were met by Tamas, who helped clear my gun and baggage through customs. Air France managed to lose Mary's bag for the next three days, but we survived. After a two and a half hour drive we arrived at the castle (more like an old English Manor) where we would

stay for the hunting segment of our trip. It was a splendid site. The staff and restaurant were first rate. On Saturday night there was a wedding that started at 6:30p.m. and ended at 5:30a.m.!

After checking in we met Tamas for an afternoon drink, and he told us we would be hunting with Zsolt starting at 6:00p.m. The first day in town and already hunting; how sweet can it get! Zsolt picked us up and off to the game keeper's place we headed. There we met Louie. That evening no less than six deer were spotted, but after all it was a sightseeing tour.

On Thursday, the 3rd, Mary decided to sleep in, so I was up at 4:30a.m. and arrived at Louie's at 5:15 a.m. to set out to spot and stalk. We saw several bucks, but were in no hurry. As we drove by one old farm house, we saw one worth shooting, but could not get close enough to afford a shot and into the cornfield he fled. After lunch and an afternoon nap we were off again at

TROPHY ROOM

6:00p.m.

Zsolt decided to try the old farm house again stopped earlier and we snuck up to see if the buck was back. One hundred yards, one shot and my first buck was down. To our surprise, when we walked up to it we found a poacher's snare around it's neck. I guess it is something like shooting a banded duck or goose.

Friday morning we were off again but to no avail. That evening we went hog hunting-no luck there either. Saturday, Mary shared the excitement, while I shot two more bucks, but no hog. Time was over for the hunting part of the trip. Zsolt took us to Budapest for Mary's part of the trip.

At the Budapest Hilton, I requested an interpreter and driver to take us to Bodony, about an hour and a half's drive-where Mary's grandparents were born. I was hoping to find anything in regards to Mary's heritage. Our driver, Atilla was super. We went to the city manager's office for help-the city is a village of about 800 people. Luckily, a middle aged man (wearing a camo vest) overheard the conversation and said he knew of some Balogs in the area and was willing to help us.

The first elderly lady was around 65, but unfortu-

nately there was no heritage here. She did say there was an old woman of not to keen a wit over there and pointed. Off again we went in search of someone who might help. As we were out in the car, our interpreter, the other man and a neighbor woman went

to talk to the old lady. To Mary's and my surprise, our interpreter came out and told Mary, "you have a relative". She was 92 years old-the oldest person in the village, frail, kind, and had a picture of Mary's grandparents on her wall. To find out that Mary's grandfather had a brother that neither she nor her cousins had known about.

When we returned to the Hilton from our day trip to Bodony, we shared our story with the concierge staff. Mary was amused and told them that to top it all off, the coming day was our thirty first anniversary.

On the 9th we were preparing to go on a dinner cruise on the Danube to celebrate our anniversary when we were surprised by a very nice note and bottle of champagne from the Hilton. Needless to say, this was one of our most memorable trips.

It was like a MasterCard commercial: Program 2,400 Euro, three Roe Deer and tips-1,300 Euro, meeting a relative you did not know you had-PRICELESS!

"She was 92 years old-the oldest person in the village, frail, kind, and had a picture of Mary's grandparents on her wall."

SOME BILLS CURRENTLY BEFORE THE LEGISLATURE

KB-OWMA

HB2226* Short Title: An Act relating to game and fish; amending 29 O.S. 2001, Sections 5-209, 5-210 and 5-211, which relate to hunting with a crossbow; allowing legal residents over a certain age to hunt with a crossbow; clarifying statutory language; and declaring an emergency.

Paraphrase: HB2226, by Rep. Glen Bud Smithson, D-Sallisaw, modifies the requirements for hunting with a crossbow. The measure requires that those who have a permanent disability and can provide proof from a licensed physician of the inability to use a traditional longbow must also be legal residents of the state of Oklahoma age 62 and over.

HB2513* Short Title: An Act relating to crimes and punishments; amending 21 O.S. 2001, Sections 1289.7 and 1289.24, as last amended by Section 1, Chapter 220, O.S.L. 2004 (21 O.S. Supp. 2007, Section 1289.24), which relate to the Oklahoma Firearms Act of 1971; authorizing transportation of loaded firearms in vehicles; deleting authority of municipalities to issue traffic citations for certain prohibited act; repealing 21 O.S. 2001, Section 1289.13, as last amended by Section 1, Chapter 549, O.S.L. 2004 and Section 4, Chapter 465, O.S.L. 2003, as amended by Section 2, Chapter 549, O.S.L. 2004 (21 O.S. Supp. 2007, 20 Sections 1289.13 and 1289.13A), which relate to the transportation of loaded firearms; and providing an effective date.

Paraphrase: HB2513, by Rep. Jason Murphey, R-Guthrie, allows any person except a convicted felon to transport in a motor vehicle a rifle, shotgun or pistol open and loaded at any time. The measure removes language related to the ability of a city to issue a traffic ticket for transporting a firearm improperly as outlined in the law.

HB2524* Short Title: An Act relating to game and fish; amending 29 O.S. 2001, Section 4-112, as last amended by Section 1, Chapter 35, O.S.L. 2007 (29 O.S. Supp. 2007, Section 4-112), which relates to hunting licenses; establishing a nonresident college student deer and turkey hunting license; establishing fee; specifying eligibility qualifications; making license use subject to certain restrictions and regulations; and providing an effective date.

Paraphrase: HB2524, by Rep. Larry Glenn, D-Miami, sets a \$20 fee and the qualifications for nonresident college students to receive annual hunting licenses.

HB2545* Short Title: An Act relating to animals; amending 4 O.S. 2001, Section 499.8, which relates to animal facility adoption standards; requiring releasing agencies to establish certain adoption standards; making it unlawful to feed or provide care to certain free-roaming abandoned or feral house cats on public land; stating penalty; providing definitions; making it unlawful to establish or maintain a managed cat colony under certain conditions; stating penalty; providing definitions; amending 29 O.S. 2001, Section 7-801, as amended by Section 21, Chapter 138, O.S.L. 2006 (29 O.S. Supp. 2007, Section 7-801), which relates to the release of exotic wildlife; prohibiting the release of feral animals into the wild; providing for codification; and providing an effective date.

Paraphrase: HB2545, by Rep. Phil Richardson, R-Minco, modifies language relating to animal adoption facilities, directing agencies to establish adoption standards for pets that require an adopting party to sign an agreement to maintain responsibility for the animal even if it is released into the wild or a managed environment. It prohibits any person from willfully feeding or providing care for a free-roaming abandoned or feral house cat that has not been sterilized on public land and establishes a maximum fine of \$500 for doing so. The bill makes it unlawful to establish or maintain a managed cat colony on public lands, any area that could threaten at-risk wildlife or any area that may pose a zoonotic risk to the public. Violations are punishable by a maximum \$500 fine.

OWMA MESSAGE

Dear Sam,

I'm not sure how many of you read the Opinion page in the daily Oklahoman on Friday, January 25th, but there was a letter to the Editor that I think would good for you to read, <http://newsok.com/article/3196786> . The letter was titled "Recreational hunting is doomed" and was written by Joe Miele, the vice president of the Committee to Abolish Sport Hunting. In his letter, Joe shared his emotions about the "violent nature of duck hunting" and tried to give the impression that his claims were substantiated by statistics from some un-cited studies supposedly conducted by the South Dakota Department of Game, Fish and Parks. He goes on to claim that hunting is a "violent practice with that has no place in modern society."

My friends, Mr. Miele and his article have confirmed for me why we have come together to form the Oklahoma Wildlife Management Association. His words are but a taste of what we will face in the future as idealists guided by emotion and void of logic, try to influence public opinion and public policy in their efforts to eliminate our rights to hunt and enjoy the natural abundance of our great state. Spend a few minutes browsing their website at www.all-creatures.org and you will probably become enraged by their agenda to eliminate all recreational hunting, elevate animals to human equality, and force us all to become vegans. One of the web links I came across was titled Deer Population Control (non-lethal) and it was sweetly accented by the picture of a baby calf on each side of the title. I'm not sure they even know what an actual deer looks like but it is quite obvious that they believe "humanely" trapping mass numbers of deer and injecting them with a contraceptive vaccine is a preferable alternative to allowing us to hunt and enjoy the venison we bring home to our tables.

Mr. Miele, his Committee to Abolish Sport Hunting, and his article have reinforced to me the need for the OWMA to continue to grow our organization across the state so that our voice can be heard in the halls of the Oklahoma State Capitol as the voice of reason and logic in wildlife management and hunting issues. If we fail in our efforts we will lose the right to hunt not only for ourselves but for future generations of Oklahoma hunters as well.

In spite of all the bunk espoused in the article, it was the last paragraph that really hit home with me because it was actually true. "As hunters continue to die or drop out of the sport in greater numbers than new hunters can be recruited, we will soon see the day that recreational hunting withers into extinction". That is a sad truth to quote and is the reason I took it upon myself to write you today. I urge you to look back into your hunting memories and think of all that you've enjoyed; the camaraderie with fellow hunters, the heightened sense of awareness that comes to you while hunting in the outdoors, the joy and pride of teaching a young child how to hunt and watching them succeed, and the multitude of tiny experiences known only by you as you've sat alone in that stand or blind and watched nature go on around you.

Today, I ask that you either forward on my email or write one of your own and personally ask other hunters to join the Oklahoma Wildlife Management Association so that we can safeguard our right to hunt. Have them visit our website at <http://www.ok-wildlife.com/> and learn more about us. By growing our organization we can insure that legislators will hear our voice both here in Oklahoma and on a national level. If you are as fired up as I am then take it upon yourself to write a response to this letter and send it to the Daily Oklahoman, the Tulsa World, or your own local paper. Let our voice of logic and emotion ring louder than theirs. Lastly, I ask you to take a child or a friend with you the next time you go hunting. Do not let Mr. Miele's quote become a self-fulfilling prophesy.

A passionate hunter,

Scott Chapman

YOUTH HUNTER EDUCATION CHALLENGE

The 2007 International Youth Hunter Education Challenge event was held in Raton, NM. Seven youth from Oklahoma qualified to go to International in July 2007. The 2007 OKYHEC season saw 42 youth participate in 3 regional events.

The YHEC 2008 season looks to be bigger as they are adding some new venues in different parts of the State and getting new people involved. YHEC collected over 100 names of interested youth at the 2007 Wildlife Expo and they will keep all of these informed of YHEC opportunities.

SCI DONATES TO YOUTH HUNTER EDUCATION CHALLENGE

Scott Holmes, President of the Oklahoma Station Chapter of Safari Club International presents two checks to Youth Hunter Education Challenge leadership, Cary Pribble and Philip Eitzen. One check for \$700 was the preceeds from a SCI member who donated a Berretta shotgun which was auctioned and another check for \$50 in memorial of SCI past President, James White's father who recently passed away.

IN THE CROSSHAIRS

E-news from SCI 's Washington Office

December 7, 2007

Argentina Firearms Update

It appears that the In the Crosshairs item from January 18th about new gun regulations for entering Argentina created quite a stir. After speaking directly with the consulate, SCI originally reported that Argentina now requires that hunters get fingerprinted before travelling to Argentina with a firearm. That means that if you are an American citizen and you are scheduled to hunt in Argentina, and you go through the consulate to do your paperwork, you will have to show up in person at one of the 7 consulates throughout the United States and submit your paperwork and fingerprints at that time. After receiving many questions about the accuracy of the In the Crosshairs report, SCI personnel confirmed this information with the Argentine consulate in Washington, D.C. There does, however, appear to be some disparity. SCI's consultation with numerous outfitters and RENAR (Argentine Registry of Weapons) revealed that the majority of hunters heading to Argentina with their firearms are checked in locally at airports such as Buenos Aires or Cordoba with the help of their local outfitters. According to the RENAR website:

"If the tourist arrived at Argentina without the "temporary authorization and temporary possess permit", drawn up by the Argentine Consulate, the Police authority that takes part will give the applicable temporary authorization and temporary possess permit during the stay in the country, ad-referendum of the National Registry of Firearms." (<http://www.renar.gov.ar/english/turista/turista.asp>)

From the Argentine Foreign Visitors Bureau (translated): "Individuals who wish to go into the country with one or more firearms and their ammunition, with the proposal to perform hunting activity, sporting shooting or other legitimate

purpose, will have to submit application at the origin country Argentine Consulate. If the tourist arrived at Argentina without the [permit], the Police authority that takes part will give the applicable temporary authorization and temporary possession permit during the stay in the country. The temporary authorization permit will enable the tourist to possess transport and use the firearms and ammunition for the legitimate activity and during the authorized period of time."

You can view the full Visitors Bureau document at www.safariclub.org under International. In the Crosshairs would advise that you contact your outfitter in Argentina for the most up to date information on this issue if you are scheduled to hunt there in the near future.

Antis File Lawsuit to Stop Wolf Management

Defenders of Wildlife, HSUS, Center for Biodiversity and other anti-hunting groups, have filed suit in Federal Court in Montana to invalidate a rule designed to give the states of Idaho, Montana and Wyoming greater management authority over "endangered" wolves that are having an "unacceptable impact" on wild ungulate populations. The rule, that is set to go into effect on February 27, 2008, also deals with the lethal take of wolves that attack livestock, pets and hunting dogs. Last year, SCI filed comments in support of the proposed rule to give the three states the management tools necessary to control the predator species and to reduce the detrimental impact wolves are having on elk and other prey species. The final rule was published in the Federal Register on January 28, 2008. At this time, SCI is considering whether to ask the court to allow SCI to participate to help defend the FWS's decision. We will keep you posted.

Moritz Promoted to Director of Conservation

Dr. William Moritz has been promoted to Director of Wildlife Conservation for Safari Club International Foundation in the Washington, D.C. office. Moritz joined SCIF in September of 2007, and is responsible for directing all domestic and international conservation programs, especially in Africa, Asia and North America. His team includes Deputy Conservation Program Manager Matt Eckert and Conservation Assistant Shalane Brower. Moritz holds a bachelor's and master's degree in Wildlife Biology and earned his Ph.D. in Zoology. Prior to joining SCIF, Moritz was with the Michigan Department of Natural Resources, and served in several capacities including Chief of the Wildlife Division. In addition, he has served as Adjunct Professor at Michigan State University critiquing and advising doctoral candidates on their research work. Since joining SCIF, Moritz's experience and expertise has already helped advance our conservation programs around the world, including his participation at the African Wildlife Consultative Forum sponsored by SCIF in Mozambique last November.

Safari Club Makes Big Splash at 30th SHOT Show

SCI Executive Director John Eichinger and members of the SCI Executive Committee were on hand to present a check for \$250,000 to the National Shooting Sports Foundation in support of their Hunting Heritage Partnership at the 30th annual SHOT Show in Las Vegas. This program allows NSSF to give grants to states for effective projects aimed at increasing the recruitment and retention of hunters. This successful program has donated 2.1 million dollars to state agencies so far. Look for more updates as the Partnership goes forward.

Type Donation: **HUNTING AND FISHING IN TWO AFRICAN COUNTRIES!**

FOURTEEN ANIMALS INCLUDED! CHARTER FLIGHTS INCLUDED!

A BIG package: 16-day 2-country African odyssey for 2 people, including 7 days of 1x1 hunting in 2 provinces (complete with trophy fees for 14 animals) and 5 days of fishing (complete with charter flights), and taxidermy for 4 animals (Supreme Taxidermy of Pretoria)

Where: Hunt the Republic of South Africa's Mpumalanga and Limpopo Provinces
Fish Mozambique's Indian Ocean coastline

Number of Guests: 2 Hunters/Fishers

Value of Donation: \$21,800.00

Date(s) of Trip: To be set by mutual agreement 2008/9

Description: Two guests will first hunt in the grasslands of RSA's Mpumalanga Province, each seeking blesbok, springbok, and black wildebeest; then move to the bushveld of the Limpopo Province to hunt for kudu, blue wildebeest, impala, and warthog; then fly by charter to Barra on the coast of the Mozambique Channel of the Indian Ocean for 5 days of luxury accommodation on the beach and unique, world-class fishing. All of this is with the first-class companionship and guidance of professional hunter Jeff Smith. Great fun and success can be taken for granted on this incredible package! All ground transport, air charters, charter boat and gear, guides, lodging, meals, beverages, laundry, daily fees and trophy fees for the 14 specified animals, field preparation of trophies and transport to a taxidermist are included. Shoulder mounts of four of the trophies (two each hunter), for species as large as kudu, are also included.

Guests will be picked up at the Johannesburg international airport and driven to their first stop, in the Mpumalanga Province. Blesbok, springbok, and black wildebeest are typical of this habitat and are first up on the hunters' program. Trophy fees for each of the three species are included for each of the two hunters. Lodging will be in a country-style guest house, and you'll enjoy excellent local cuisine. After a successful two or three days on the grassland hunt, you'll drive to the very different habitat of the Limpopo province to the north, enjoying the scenery along the way. Four or

five days will be enjoyed hunting the bushveld for kudu, blue wildebeest, impala, and warthog, all typical species of this habitat. Again, trophy fees for all four species are included for each of the two hunters. Lodging will be in a very nice hunting lodge, and food will be very, very good. After another successful hunt, you'll be driven back to Johannesburg, where you'll board your charter flight to Barra, on Mozambique's Indian Ocean coastline. There you'll enjoy five days of luxury beach accommodation and your own private fishing charter (a fully-equipped luxury ski boat) for some of the best fishing in the world. All equipment and supplies, meals, beverages, etc. will be provided, of course; this is something very special! After five days in Mozambique, you'll fly by charter back to Johannesburg to reluctantly start your travel back to the States.

Not included: international air transportation from the US to Johannesburg and return, any accommodations before and after hunt, insurance, taxidermy other than the four included mounts, shipment of all trophies, tips.

Additional hunting days may be added at the reduced rate of \$190/day/hunter.

Additional hunters may be added at the normal rate of \$300/day/hunter.

Non-hunters may be added at the rate of \$150/day/observer.

Additional people going fishing on the Mozambique portion of the trip will be at a cost of \$4,250 each. Your luxury boat will accommodate only four guests; additional lodging is available.

Additional non-dangerous-game species are available for trophy fee only.

Baboon	\$ 100	Jackal	\$ 100
Black Wildebeest	\$ 700	Kudu	\$1100
Blue Wildebeest	\$ 750	Klipspringer	\$1000
Blesbuck	\$ 280	Nyala	P.O.R
Bushbuck	\$ 850	Red Hartebeest	\$ 850
Bushpig	\$ 350	Steenbuck	\$ 350
Duiker	\$ 350	Springbuck	\$ 300

Gemsbuck	\$ 850	Waterbuck	\$1500
Giraffe	P.O.R	Warthog	\$ 250
Impala	\$ 250	Zebra	\$ 900

Dangerous game hunts may also be added for all species, P.O.R.

SCI-OSC Director and frequent African hunter, Mike Mistelske, will assist you in organizing all aspects of your trip. If you are a first-time African hunter, have no worries; Mike will help you with everything.

ADDITIONAL VALUE: Henry Durrheim of RiflePermits.com in Johannesburg will give a 50% discount on his normal \$90/hunter fee for obtaining your RSA firearms license in advance of your arrival. Using such a service is highly recommended.

SCI contact: Mike Mistelske

Type Donation: **OUR ONLY HUNT FOR THE UNIQUE SPECIES OF THE EAST CAPE:**

Eight days and nine nights for one hunter, all daily fees 1 X 1, plus shoulder mounts of two species up to and including size of kudu. Must be accompanied by at least one full-paid hunter (\$375/day 1 X 1, or \$300/day 2 X 1). Observers are welcome at regular rates. Second hunter will also receive two free shoulder mounts up to kudu-size.

Where: Hunt the foothills of the Winterberg Mountains, in the Eastern Cape of the Republic of South Africa

Number of Guests: 1 Hunter (must be accompanied by at least one full-paid hunter; observers welcome at regular rates)

Value of Donation: \$5,000.00

Date(s) of Trip: To be set by mutual agreement 2008/9

Description: The winning bidder and his companion(s) will enjoy the special beauty and unique species of RSA's Eastern Cape. Mankazana Safaris, named for the Mankazana River which flows through this beautiful area of abundant wildlife, encompasses over 80,000 acres and offers over 30 species of game, some unique to the Eastern Cape.

Hunters will pay regular trophy fees, which are very reasonable and competitive. Species to be hunted include these which are unique to the area:

East Cape kudu
Cape bushbuck
Bontebuck
Black wildebeest
Vaal rhebok
Mountain reedbuck
Cape springbuck

Pickup from and return to the airport in Port Elizabeth can be arranged, or guests may prefer to rent a vehicle and combine their visit to Mankazana with a tour of the Eastern Cape's beautiful ocean coastline. Sidetrips can be arranged for various activities, including a visit to famous Addo National Elephant Park, or for deep-sea fishing.

See Mankazana Safari's website for much additional information.

Taxidermy included in the donation (two shoulder mounts each for the winning bidder and for the second hunter, up to and including kudu-sized species), will be provided by Bullseye Taxidermy of Pretoria. Documentation and shipping costs are not included.

SCI-OSC Director and frequent African hunter, Mike Mistelske, will assist you in organizing all aspects of your trip. If you are a first-time African hunter, have no worries; Mike will help you with everything.

ADDITIONAL VALUE: Henry Durrheim of RiflePermits.com in Johannesburg will give a 50% discount on his normal \$90/hunter fee for obtaining your RSA firearms license in advance of your arrival. Using such a service is highly recommended.

UNLIKE MANY OF THE DONATIONS THAT ARE VOLUNTEERED by African outfitters, where trophy fees are so high that the free daily rates aren't worth it—even if you don't pay for the donated daily fees at all, Mankazana's trophy fees are competitive, and the operation is a superior one.

The species and the location distinguish this hunt from all other African hunts offered at this fundraiser.

Type Donation: Four hunters ½-day guided duck/goose hunt; lunch

Where: Claremore, Oklahoma

Date(s) of Trip: Fall, 2008

Number of Hunters: Four Hunters

Value of Donation: \$600

Description: Wild Wings Preserve will treat up to four people to a fully guided duck and goose hunt for the fall of '08, on a mutually-agreed date. The outing includes lunch after the hunt. This fully-guided hunt is on a privately-managed 800-acre wetland preserve located near the Verdigris River just south of Claremore. The hunt will be over decoys, and it includes the use of a heated duck blind and the services of a retriever. Birds typically consist of Mallards and occasionally Canada geese. All hunting starts at legal shooting time and stops at 12:00 noon. The hunters will need to provide transportation to and from the hunt, their own waders, their own licenses, firearms and ammunition. All state and federal waterfowl regulations will be observed.

Type of hunt: One hunter for 7 Days/8 Nights for 1 Mid-Asian Ibex
Where: Kyrgyzstan, Tien Shan Mountains
Date(s) of Trip: Oct 18-31 (approx.), 2008 or 2009
Value: \$6,000.00

NOTE: 1 Marco Polo Sheep might be added for \$19,000 (value of \$20,000)
[import permits for Marco Polo are not yet certain to be issued].

Description: One hunter will enjoy a six-day hunt for the largest of all Ibex species, the Mid-Asian. The Tien Shan Mountains in which the hunt takes place is described as one of the most majestic areas in the world. The Ibex population in the hunt area is said to be extremely high. The camp and the hunting are at approximately 12,000' elevation. The camp, meals, and guides are said to be excellent. Transport is by vehicle, horse and foot. This hunt includes lodging, meals, guided hunt, and fee for one Mid-Asian Ibex of any size. The hunter will be picked up in Bishkek, Kyrgyzstan (fly into Bishkek via Istanbul) and transported to camp by the outfitter. Including the day of arrival in Bishkek and the day of departure from Bishkek after the hunt, nine days are required (essentially a six-day hunt). On the eighth day, back in Bishkek, the trophy will be prepared and export documents completed to allow the hunter to carry his trophy home with him on the airlines (take a bag along for this purpose). Hotel accommodations and meals are not included in Bishkek one night before traveling to camp and one night after return from camp (approx. cost \$500). Gratuities are not included (\$750). Air from point of departure to Bishkek is not included (as an example, round trip from Oklahoma City, approx. \$1,600). This hunt is valued at \$6,000.

Marco Polo sheep may be added for \$19,000 (if import permits become available)—value \$20,000 (includes six additional days of hunting and the trophy fee for one Marco Polo sheep of any size). Marco Polo hunting camp is at approximately 12,500', and hunting takes place between 12,500' and 15,000'. For both Ibex and Marco Polo, 30 caliber or 7 mm magnums or other flat-shooting cartridges are recommended; shots range from 200 to 500 yards.

...A three-day stay-over in Istanbul, Turkey, would run about \$800 per person.

...A non-hunter can accompany the hunter on the ibex hunt itself for about \$2,500.

...A hunter and spouse would have a tent to themselves, or a room in a cabin, depending on what camp the hunt is conducted from (where the ibex are).

...The donor recommends only Turkish Air for the final legs of the flight.

Date(s) of Trip: Fall, 2008 to spring, 2009 (see description, below)

Number of Hunters: Two Hunters (plus must bring at least two other fully paid hunters)

Value of Donation: \$3,000

Description: Premier Wildfowl Destinations will provide two hunters with a three-day waterfowl hunt (hunters' choice, duck or goose) in Alberta, Canada, or in Missouri (again, hunters' choice). At least two other, fully-paid hunters must accompany the winning bidders (total of at least four hunters). Seasons run from the first of September, 2008, in northern Alberta, to April 30, 2009, in northwest Missouri. All choices of duck or goose, locations, dates and other details will be arranged between hunters and Premier Wildfowl.

...Shotguns with non-toxic shot will be required. Hunters must supply guns and ammo (hunt-location proshops will have ammunition, gloves, and other basic supplies at reasonable prices).

...Each guide will handle four-eight hunters.

...Additional days and/or hunters may be added at \$500/day/hunter.

...Non-hunting guests will be permitted at \$0-\$125/day each, depending on final selection of hunt location.

...Deer or turkey may be added if hunting waterfowl in Missouri during appropriate seasons (cost \$250-\$500/day/hunter).

Not included:

...Lodging (est \$60-80/night for two people sharing)

...Meals

...License (costs range from \$7-\$125, depending on location).

Licenses can be obtained online or upon arrival in hunt area.

...Transportation to the general hunt area (except that ground transportation from local airports will be provided for this group of at least four hunters).

Type Donation: Two hunters 2 Days/2 Nights for (1 each hunter) 2 Turkeys, 2 Hogs with fishing.

Where: Chain Ranch, Canton, Oklahoma

Date(s) of Trip: available dates, 2008 or 2009

Number of Hunters: Two Hunters

Value of Donation: \$1,300

Description: The Rio Grande turkey population on the Chain Ranch is simply outstanding! Just ask Dick Kirby, owner of Quaker Boy Game Calls. Dick hunted the ranch in the spring of 1999 and was amazed at the number of turkeys he saw during the two day hunt.

Liberal bag limits in Oklahoma and Kansas allow each hunter to bag several toms during the spring season. The population of long beards on the ranch has never been better. We harvested more than thirty toms in the spring of 2002.

Unfortunately for the farmers of Northwest Oklahoma, the hogs are here! This is great news for the off-season hunter. The State of Oklahoma does not recognize hogs as a game species, therefore we can hunt them year around with no bag limits.

Although our club members enjoy hog hunting on the entire ranch, we have set aside a very special area for hog hunting by non-club members as well. Our success rate is about 90% for all hunters. We can accommodate rifle, archery, blackpowder, and pistol hunters. Our average hog killed weights between 150 and 175lbs, but we routinely kill hogs over 300lbs. For some added excitement, ask about our hog hunts with hounds, it will cost you a little extra but it is absolutely some of the most exciting hunting you will do! For available hunting dates, please see our reservation calendar.

All accommodations are available on a fourteen-day advance reservation system. Although kitchen facilities are available, meals are not provided.

1 Large Bag

1 Regular Bag

Value of Donation:

\$495.25

The 600D polyester outer shell in the new Mossy Oak Break-up® pattern has the durability to last for years.

Description:

The Trophy Bag Cooler™ was developed to provide hunters with an alternative solution to help preserve the quality of the game they harvest, such as deer, antelope or hogs.

The Trophy Bag Cooler™ allows a hunter to pack the harvested game on ice to maintain sufficient temperatures of 36 to 40 degrees, when warm weather is a factor. The unit provides a suitable environment for the cape of the animal and helps prevent slippage if the hunter chooses to mount the trophy. It also helps keep out flies and bugs that are attracted during warm weather. The thermal radiant barrier insulating energy shield along with the anti-microbial liner provides added protection needed to help prevent the growth of mold, mildew and bacteria.

This product is an ideal short-term portable storage unit that is suitable for transporting the harvested animal to the processor or taxidermist. And it's made right here in Oklahoma USA!

Number of Hunters: Two Hunters

Value of Donation: \$6,400

Description: The winning bidders will enjoy five days of hunting, two hunters, two bulls per hunter, rifle (modern or muzzle loader) and/or archery, with Safari Nordik. Safari Nordik, a many-time donor to SCI, is in its 26th year of providing outstanding hunts for Quebec-Labrador caribou. Their average for each of the last ten years has been at least 1.9 bulls per hunter. This auction item is for a complete hunt, except for airfare and licenses. This auction item is valued at \$5,900 total for two hunters. 50% off on two caribou mounts by Lewis Clary adds another \$500 value to this package, bringing the total value to \$6,400.

Included in the auctioned hunt (value \$2,950/hunter):

- One night's lodging in Montreal the night before flying north to Kuujjuaq.
- Five days' guided hunt and six nights' food and lodging in a fully equipped remote camp.
- Field preparation of meat and antlers for return to civilization.
- Documents and assistance needed for temporary firearm import.

Not included:

- Air transport [\$2,500/hunter (current) when booked through Safari Nordik, including jet from Montreal to Kuujjuaq and bushplane from Kuujjuaq to camp; and return, including transport of meat, antlers, and capes]
- Hunting license [\$260/hunter (current), allows for two caribou of either sex]
- Firearms import license [\$25/firearm (current); not required for archery equipment]
- Caping, Gratuities

Continued from page 31

Other optional costs:

---Airfare from any major US airport to Montreal [est \$595/hunter (current), round trip, when booked through Safari Nordik].

---Butchering and vacuum packaging of boneless cuts [\$95/caribou (current) when done by Safari Nordik the night of hunter's return from camp to Montreal].

---Airline charges (est) for bringing meat, antlers, and capes back from Montreal to your origin airport [\$100/caribou (2007) for meat when packaged by Safari Nordik; \$200 (2007) total for racks of two bulls when split and packaged by Safari Nordik; \$100 total (2007) for capes of two bulls when packaged by Safari Nordik].

---Airline charges are for bringing back unsplit racks. If a rack proves to be a B&C "book" rack, Safari Nordik will cover the cost of flying it back to Montreal in one piece. Getting an unsplit rack back home from Montreal is at the hunter's expense.

---One night's lodging in Montreal after the hunt (estimated \$100/hunter)

Airline travel from Montreal to camp (both jet and bushplane) must be coordinated with Safari Nordik, and it is most highly recommended that the hunters have Safari Nordik make these arrangements. Safari Nordik's rates (currently \$2,500 for both jet and bushplane, round trip, per hunter) and their arrangements with the airlines are superior, and having them book these flights avoids all sorts of potentially trip-ruining complications.

The hunters may book their own airline travel from their origin to Montreal, but it is again recommended that the hunters have Safari Nordik assume this responsibility, which they will do for a flat round-trip fee of \$595 (current) from any major US airport. This is not nearly as critical as having Safari Nordik book the air travel from Montreal north, but their rate is very competitive, and having them book the whole itinerary ensures that the hunters do not have to wrestle with the airlines if weather keeps the bushplane from flying out on the day it's supposed to. If hunters are driving to Montreal, this is not an issue.

This hunt may be taken in either 2008 or 2009, but the winning bidders are requested to please hunt in 2008 if at all possible. Additional information about their operation is also available on Safari Nordik's website, www.safarinordik.com.

ADDITIONAL VALUE! This hunt includes a credit from Lewis Clary of Clary Taxidermy for one-half (1/2) price on two (2) Caribou mounts – one (1) per hunter! This is a \$500 credit value. Clary Taxidermy: 405-818-8547

OKLAHOMA STATION CHAPTER SCI QUILT

One-of-a-kind hand-made African quilt!

Value \$1,700

Designed and created by award winning quilter Joan Shufuran of Hobart, Ind., especially for SCI fundraiser "Crazy About Africa II" made with fabrics from Africa.

Fabrics are all 100% cotton with 100% cotton batting. Size is 54" X 54", with a 10 " border around center squares, in crazy quilt design. Center made of 4 big cat animal prints. Machine pieced by JS. Machine quilted by Ania Rebeil of Cedar Lake, Ind. 1/2 " black binding. Top back has rod pocket for wall hanging. Back bottom right has identifying quilt label. Quilt is folded and kept for safe keeping in a matching cloth bag.

Mrs. Shufuran has been quilting since 1984 and has made over 200 quilts. She teaches applique (*pro bono*) in NW Indiana and has won numerous awards for her work. Mrs Shufuran says, "My quilts are like my children. I never sell them, but give them to loving and deserving people who I trust will care for them properly."

She made this quilt especially for the OK Station Chapter-SCI at the request of her son, Kevin Shufuran of Stillwater, OK.

Care of quilt: Keep out of sun. Never store in plastic bags or cedar chest. Machine Wash in Cold water, gentle cycle with Orvis Soap, or Clear Ivory dish liquid. Place in dryer on fluff cycle until half dry, then line dry.

Type Donation: High-volume dove & pigeon shooting in Cordoba! Four hunters, two days, 1,000-1,500 shots/day/hunter. Includes hunt, lodging, meals.

Where: Province of Cordoba, Argentina

Number of Guests: 4 Hunters

Value of Donation: \$4,650.00

Date(s) of Trip: To be set by mutual agreement 2008/9 (year-round hunting)

Description: This 2-day hunt is performed at the Province of Cordoba, 800 Km distance from Buenos Aires, one-hour fifteen minutes flight. Cordoba is renowned for being the most important site in the world for dove shooting. Within this area you will be able to shoot 1,000 to 1,500 shots per day to an incredible amount of doves and pigeons.

Our first class Lodge has 6 double-bedroom suites, a large dining area, and comfortable sitting rooms where we get together after a long day of shooting, to have a drink and relax. During our summer months (December – March), hunters and non-hunting companions can enjoy the swimming pool, golf lawn, and tennis and volleyball courts.

Marcelo Gil, owner of MG Hunting, will be hosting you during your stay with his proverbial hospitality and professionalism, putting at your disposal his vast experience.

Continued from page 39

NON-HUNTING COMPANION: \$ 200 per day per person
EXTRA HUNTING DAY: \$ 500

If hunters want, MG HUNTING will handle all local travel requisites (hotel reservations, domestic air tickets reservation, etc.).

HUNT INCLUDES:

- Reception and paperwork assistance in all Argentine airports.
- Transfers amongst the different shooting spots of hunting areas in modern all-terrain vehicles and vans.
- Accommodation in own Lodge, close to hunting areas in comfortable double-occupancy suites.
- Regional and international meals and beverages of highest quality (hard drinks inclusive).
- Personalized attention by safari organizers.
- One Bird-boy per hunter.

HUNT DOES NOT INCLUDE:

- Gun permits: \$ 100 per firearm (3 max. per hunter)
- Hunting license: \$ 60 per day/per hunter
- Ammunition: \$ 10 (box of 25)
- Tips: (not over) \$ 100 for the entire hunt.
- Domestic flights and layovers in Buenos Aires, telephone calls.

MEALS AND BEVERAGES: Meals are generous. The main ingredient is Argentine's world-famous beef. Special menus are prepared upon request (vegetarian, salt-free, etc.). Alcoholic beverages are included in the price (beer, scotch whiskey, champagne, and wines).

FIREARMS, SHELLS AND EQUIPMENT: Argentine regulations allow entering up to three firearms maximum per person, at a fee of \$ 100 per gun. If hunters would not want to travel with firearms, MG HUNTING can provide semi-automatic shotguns in 12 and 20 gauge at \$ 40 daily rental. We also have a wide stock of shells in gauges 12, 20, 28 and .410 of the highest quality. We suggest to bring warm clothing for winter months (May to August), and protective earmuffs and glasses. MG Hunting provides everything else.

If hunters would want to require information on MG HUNTING hunts and services, we provide references upon request, of all around the world sportsmen, who have shared safaris with us. We invite you to visit our web site at www.mghunting.com to see updated photos of our latest hunts and lodges.

Authentic Antler Home Furnishings

Donated by: Dennis Moore and Trent Pettis

Type of Donation: Authentic antler lamps and fireplace set

Description: An authentic elk antler lamp, mule deer antler fireplace tool set, and whitetail deer antler lamp. The elk and mule deer were harvested this year in Colorado by member Dennis Moore. A good friend of his, Trent Pettis has turned all of these antlers into beautiful lamps and the fireplace tool set. If you have always fainted at the price of reproductions in the national chains you will be extremely pleased with these. Trent donated one deer table lamp to a Missouri SCI Chapter banquet in 2007, and it caused a furious bidding war. These are even GRANDER!

Values:

Elk-antler lamp...\$400

Mule deer-antler fireplace set...\$250

Whitetail deer-antler lamp...\$250

Type Donation: Two people 2 Days/1 Night spring branding and trail drive on working cattle ranch

Where: Chain Ranch, Canton, Oklahoma

Date(s) of Trip: Spring, 2008 (probably April)

Number of Guests: Two Value of Donation: \$2,000

Description: The Chain Ranch is full of tradition and history dating back to 1893 when Oscar Chain traded fifty dollars and a shotgun for a quarter section, 160 acres, in Dewey County, Oklahoma. Since that trade, the Chain Ranch has developed into a seven generation owned and operated family business, with four ranches in Oklahoma, three in Kansas and several leased properties in both states.

The Ranch runs in excess of 4,500 mother cows, in which all of the weaned calves are kept and marketed as fat cattle. We handle approximately 7,000 to 8,000 stocker calves on grass and wheat pasture. We also raise a large portion of our bulls which are Limousin and Angus.

On this spring branding and cattle drive, the two guests will experience a traditional way of life, including chuckwagon food and basic wall-tent accommodation. This is a special opportunity, and we thank the Chain Ranch for the many ways in which they support SCI here in Oklahoma!

SCI-OK contact: Mike Mistelske

Type Donation: 4–Day, Mule Deer or Whitetail Deer or Pronghorn or Pheasant hunt –hunters' choice!

Where: South Dakota

Number of Guests: 2 Hunters
(sharing one guide)

Value of Donation: \$3,250

Date(s) of Trip: To be set by mutual agreement, fall 2008 or 2009

Description: John Coulter, owner of Hunt Bud Consulting, is providing us a very unique hunting opportunity with a lot of flexibility! Bidder's choice: mule deer by drawing only, whitetail or pronghorn by drawing or left-over tags (a virtual certainty), pheasant over the counter licenses. Assuming the hunters wish to hunt for deer or pronghorn (not just pheasant), the hunt will be for two animals of whichever one species the hunters select--one animal for each of the two hunters. Pheasant hunting might still be added on, time permitting.

John Coulter will be your expert "escort" throughout this hunt.

John will pick you up at Sioux Falls or Rapid City (depending on what/where you wish to hunt). John will provide ground transport until he returns you to the pickup point.

You will hunt for a full four days.

John will assist with license applications, including option to try for larger mule deer in western SD. Hunters may enter drawing for preferred license and then, if unsuccessful in drawing, purchase left-over tags for alternate species/area. If you elect to hunt deer or pronghorn in western South Dakota John, who is a retired teacher, will take you on a tour of area monuments like Mount Rushmore, Devil's Tower, the Crazy Horse Memorial--and of course historic Deadwood!

Not included and must be covered by hunters: SD hunting licenses, travel to SD meeting point and return home, meals + lodging for hunters and escort, fuel for escort's vehicle throughout hunt, tips for escort. Meals and lodging in South Dakota are remarkably reasonable! Lodging is very modest: only about \$25 per hunter based on two people sharing a motel room!

John, who is the longtime President of MN-WI FNAWS, is an avid hunter and a real people-person. John recently retired after 35 years of teaching and coaching at a public high school in southwestern Minnesota. He promises to make this trip a memorable one for the hunters who purchase this unique hunting opportunity!

Stocks (2) - Black synthetic resin & Fancy Curly Maple presentation stocks included.

Plastic gun case and muzzleloader starter kit included.

Value - \$800

This is your last chance to own a piece of muzzleloader history. Austin & Halleck, Inc. is no longer in business and this is one of the last rifles available, anywhere! As one prominent shooter and gun-writer reported: "It has been a long time since I have been as impressed with a muzzleloader as I am with the Austin & Halleck 420. With its superb trigger, rigid barrel to stock assembly, amazingly good repeatable accuracy, very soft shooting, and knockout gorgeous curly maple stock with crisp beautiful checkering, the A & H 420 is a gun of which the owner can be proud."

STEMWINDER HATS

HERE'S YOUR CHANC E
TO OWN A
GENUINE CUSTOM
STEMWINDER HAT!

VALUE \$650

Every Stemwinder hat begins with precise measurements taken with our turn-of-the century conformer to ensure the exact shape of the client's head. A cedar block is built to the exact size, circumference and shape of your head, and this block remains in the hat throughout our process. Building the hat--through steam, pressing, and cosmetic sanding numerous times, the hat eventually reaches the desired fit, feel and look. The process from start to finish takes approximately 90 to 120 days.

Stemwinder is committed to preserving history in the quality, technique and original style of the cowboy hat. Every hat is hand made the old fashion way and is as unique as the individual choosing to wear a Stemwinder.

Stemwinder hats, made of the finest beaver fur available, have adorned the heads of both former President George H. Bush and current President George W. Bush. Others wearing Stemwinder Custom Hats are General Swartzkopf, Charlie Daniels, Orin Mixer, Travis Tritt, reiner Dell Hendricks, Eddie Haynes and Bill Lockard.

This custom fitted, custom designed 50X hat for the winner is valued at \$650.00

OKLAHOMA STATION – SCI
SUPPORTS AND CONTRIBUTES FUNDS LOCALLY & NATIONALLY

Protect the Freedom to Hunt

- **FINANCIAL SUPPORT TO PROTECT OUR FREEDOM TO HUNT & WILDLIFE CONSERVATION PRORAMS** - Thirty percent (30%) of net monies raised by the Oklahoma Station support programs that provide for full time staff lobbyists & biologists in Washington, DC. SCI is the only hunting organization that has full time lobbyists & biologists working to provide sound scientific information to influence legislation and regulations that affect hunting both at the federal and state levels. 70% of funds raised by the Oklahoma Station are used in Oklahoma for hunting education, wildlife conservation and humanitarian services programs.
- **FINANCIAL SUPPORT TO OTHER CHAPTERS FIGHTING ANTI HUNTING REFERENDUMS IN THEIR STATES.**

Conservation

- **OKLAHOMA HABITAT DONOR PROGRAM -**
 - Financial support for the Hackberry Flats Wetlands project, Frederick, OK.
 - Financial support for a “Quality Deer Management” program in Lincoln County, OK.
- **RESTORATION OF RUFFED GROUSE & PRAIRIE CHICKEN** - Financial support towards research and restoration of ruffed grouse and prairie chicken habitat.
- **NUISANCE BEAVER CONTROL** - Assisted the Okla. Dept of Wildlife Conservation with trapping and relocation of beavers.
- **INTRODUCED EIGHT (8) ELK INTO THE EXISTING HERD IN SE. OKLAHOMA** - Chapter financed the purchase, transportation and release of 5 mature bred cow elk and 2 mature bulls plus radio-collars transmitters for monitoring purposes. These 8 elk will improve the gene pool in the existing elk herd in SE Oklahoma which is in cooperation with the Timberline Elk Ranch, Cushing, Oklahoma and the ODWC.
- **2005 AIR BOAT (18 X 8’), 502 CU. INCH CHEVROLET ENGINE 502 HP RATING WAS PURCHASED FOR OKLAHOMA DEPT OF WILDLIFE CONSERVATION USE.** Over the past several years, the ODWC has worked to develop comprehensive lake level plans supporting Japanese millet-seeding programs on Oklahoma Corp of Engineer lakes. The vast majority of these areas are inaccessible to conventional boats due to very shallow water depths and are quite extensive in size ranging from just a few acres to several hundred. The airboat offers a much higher degree of safety and durability, in addition to increased accessibility to the seeding areas, essential to ensuring the program’s continued success.
- **ODWC Contributions** – Since the foundation of the Oklahoma Station of Safari Club International, over \$ 240,000 has been funded for various Wildlife Department programs either through direct funding or purchase of equipment for ODWC use.

Education

- **SIGNIFICANT FINANCIAL SUPPORT FOR YOUTH EDUCATION & OUTDOOR PROGRAMS** – Archery in the Schools program, Last Frontier Council - Boy Scouts of America; Eddy Eagle Gun Safety program; Make a Wish Foundation, Youth Hunter Education Challenge & the 4H Youth Shooting Team.
- **OKLAHOMA DEPT OF WILDLIFE CONSERVATION COLORING BOOKS** - We purchased 65,000 wildlife conservation coloring books for school children.
- **APPRENTICE HUNTER PROGRAM** -A youth essay writing contest that focuses on America's hunting heritage; co-sponsored by the Okla. Dept of Wildlife Conservation. Two students in the 11-14 age category win scholarships to attend a weeklong program at the YO Ranch in Mountain Home, Texas. One boy and one girl, 15-17, win a guided pronghorn antelope hunt in New Mexico.
- **THE AMERICAN WILDERNESS LEADERSHIP SCHOOL** - Our Chapter and the Okla. Dept. of Wildlife Conservation sponsor one law enforcement officer and one educator for an 8-day experience at SCI's Granite Ranch near Jackson, Wyoming in fields of wildlife ecology, firearm safety and shooting sports, camping, white water rafting, stream ecology, natural resource management with a base knowledge from which to evaluate conservation efforts.
- **STEP PROGRAM** – Okla. Dept of Wildlife Conservation's **Shotgun Training Education Program** – OSC-SCI supported this program by purchasing a custom built 26-foot long gooseneck equipment trailer. This trailer carries the program's portable trap machines, firearms, ammunition and safety and gun maintenance equipment. In the past 10 years 75,000 persons in the state of Oklahoma (65% are youth under the age of 18) have participated in STEP, leaning the importance of hunting as a conservation and management tool and improving their shooting skills to ensure the humane harvesting of wildlife. This trailer enabled the ODWC to expand this program, reaching thousands more Oklahomans.
- **OKLAHOMA WILDLIFE EXPO 2005 - '07**– Our Chapter supported the ODWC - Wildlife Expo with significant funding and with workers. This was the biggest and the most successful comprehensive hands-on outdoor education experience and recreation event in state history. Approx 45,000 attended.
- **WILDLIFE HERITAGE CENTER MUSEUM, ANTLERS, OK.** – Our Chapter contributed to the building of the museum/learning center in SE Oklahoma. The operation is a joint agreement of the Okla. Dept of Commerce, Okla. Tourism and Recreation Dept and the Okla. Dept of Wildlife. The facility will be utilized as a regional tourism attraction while at the same time serving as a wildlife and natural resource conservation, public education center.
- **OLYMPIC SHOOTING TEAM** - Chapter financial support and coaching of members of the Olympic Shooting Team by T.D. Smith, Pan American Games - Gold Medallist & inventor of the TDS drop compensation riflescope reticule.

Humanitarian Services

- **MID-AMERICA CHAPTER OF PARALYZED VETERANS OF AMERICA** - Chapter donated a "HuntMaster" for paralyzed veterans.
- **SPORTSMAN AGAINST HUNGER** – Chapter originally funded 100% of operating expenses for the program in excess of \$200,000 annual budget. In addition, managed the program State wide in excess of 10 years. Oklahoma Station continues to financially support this program annually.
- **SENSORY SAFARI DAY** - A hands-on adventure for sightless and sight-impaired children and adults. Members loan their animal mounts for these people to see for the first time, through their fingertips, animals from around the world. The event is co-sponsored by the Okla. Dept. Wildlife Conservation, Oklahoma Station - SCI and the H&H Gun Range.

STEP-ING UP TO THE PLATE SHOTGUN PROGRAM CELEBRATES A DOZEN YEARS OF ACHIEVEMENT

Ka-Boom!

The sound of a shotgun blast can slice through the air like a hot knife through butter.

The STEP program offers training in the use of safe firearms handling for shooters of all skill levels.

Participants in the Wildlife Department's Shotgun Training and Education Program (STEP) have heard plenty of firing shotguns throughout the 12 years the program has been offered.

The STEP program offers a broad range of learning opportunities for beginners as well as experienced hunters with special emphasis on teaching basic wing-shooting techniques and fundamentals. The program projects a positive image toward hunting and general acceptance of responsible gun ownership. Another important purpose for the program is the recruitment of new hunters for future interest in wildlife conservation and outdoor activities. In addition, the program exposes participants to the use of nontoxic shot to develop hunter confidence in lead-free shot shell alternatives.

The STEP program encourages citizens of all skill levels to practice safe firearms handling and to get involved in the time-honored American hunting tradition.

Since the program began in 1995, over 55,000 Oklahomans have experienced STEP. Last year alone, instructors used more than 283,000 rounds of ammunition and clay targets.

The program continues to increase in popularity. Since 2000, the average number of participants has increased from 41 to 149. Over half of the participants are youth, and about 20 percent are female.

STEP is encouraging people from all walks of life to get involved in the outdoors. If you'd like more information, contact STEP Coordinator Ed Cunniss at (918) 625-3955 or e-mail him at edcunniss@sbcglobal.net. — Ben Davis --X

ATTEND A BANQUET, HELP CONSERVATION

The Oklahoma Station Chapter of Safari Club International offers support and funding to a number of sportsmen's causes, especially local efforts like the STEP program that benefit the sportsmen and wildlife of Oklahoma, so why not offer your support to the Chapter by attending its 23rd Annual Awards Banquet and Charity Fundraiser?

The banquet begins at 6:30 p.m. Saturday, March 8, at The National Cowboy and Western Heritage Museum located at 1700 N.E. 63rd St. in Oklahoma City.

One of the highlights of the annual event is the live auction, where bidders have a chance to buy guided hunts in Oklahoma, across the United States and around the world. There also will be a selection of other items up for auction.

For more information or to purchase tickets, call (405) 721-7229. For more information on the Oklahoma Station Chapter of Safari Club International, log on to oklahomastationsci.org. --X

The Oklahoma Station Chapter of Safari Club International partners with the Wildlife Department to sponsor several important programs. The organization provided the Department with this 24-foot trailer for use in the Department's STEP program.
