*SPECIAL THANKS TO ALL THE
BOARD MEMBERS' SPOUSES
AND OTHER CHAPTER MEMBERS
FOR ALL THEY DO!!*

I can take a nap now ☺ January, February and March are banquet season. While out in Reno for the National Convention I think I got 3 hours of sleep... combined over 4 days. Jet back to Oklahoma and it's off to the races setting up Backwoods and our OKSSCI Banquet night – whew, time for rest before 2013 Turkey Season

consumes me!

I should probably cover the current affairs of gun control but things seem to be getting shook out with the rifle types and clips being dropped as they should in the Fed level but what the heck is that Colorado Governor thinking? Re-election is not in his future and worse yet, the solution to the issue isn't even addressed. Anyway ...

Banquet night was a BLAST! I am torn on saying what I am thinking and what I should so I won't tell you which is which and cover it all ☺ We had GREAT food, GREAT friends, hunts and adventures from all over the world, small game, fish of many waters, big game, high wire acts, stunning jewelry, guns guns guns, and my wife somehow even won one of those hand guns – not sure if I sleep better or not with her now having a 9, but at least she can't find any ammo yet hehe

The Ladies of SCI as usual rocked out the center pieces and

the entire layout was beautiful! The food was killer and the [National Cowboy & Western Heritage Museum](#) was the perfect backdrop! If you missed it you missed a great night! Tickets for next year should be on sale VERY soon ☺

We raised allot of money to support the programs and needs of Oklahoma Conservation and our Outdoor Heritage. Of course I am always wishing for more so

Center Pieces

we can do more, but there is also a another side too. As I am all about our members and what we can do for them, I will say some folks got some adventures they will never forget for a song.

Ever heard of an African hunt for \$1100? One of our members got one. Or a Kansas Whitetail Video hunt for \$1950.00? Another got that one. One thing I can say to our members and folks that come to our Auction is a GREAT deal can be had. Now, thanks to the understanding of our members that the proceeds from our Banquet night are for some spectacular Oklahoma programs that we all enjoy, so the low bid items were held to minimum and we did achieve a good night for funding the projects of our future ☺ THANK YOU ONE AN ALL!

Stephe Deane Receives His Mount

Of course no Banquet night is complete without speeches and awards and my future editors and writers were there with their trophy mounts

from the winning trips their

articles won through our joint ODWC OKSSCI Creative Writing Competition. Every year we have 4 student winners and 2 – 3 Educators who get super fun road trips. Now if I could just get one of them to send me some content for our ST with all that skill ☺

Of course, there is no way to have an event like this without the entire team jumping in and helping out! Josh and Brenda as hunts managers, Judy on membership, and sales and documents and Hugh as the Director, Scott on the numbers, Jerry on FFL and Ticket gams, Ryan on Silent, Leonard on Flow, Sam on Education and awards, our outgoing President Dennis on holding this crew from self destructing and the rest of the board as helpers on all of these things, setup and more. I know I am forgetting some on something but please forgive me.

It is a full year project and the new items for 2014 are already being done PUT IT ON YOUR CALENDAR FOLKS – March 1st 2014!!!

OKLAHOMA STATION

A CHAPTER OF SAFARI CLUB INTERNATIONAL

Oklahoma Station - SCI Supports and Contributes Funds Locally & Nationally

The future of hunting is up to each one of us. It is our financial donations, our efforts in the political arena, and our ability to educate the uninformed public of the important role hunting plays in the welfare of the animal population and their habitat. Our activities and energy must focus on 3 areas - Conservation, Education, and Governmental affairs.

We, the members of SCI, are the last best chance that wildlife has to survive in a healthy habitat, and we have to preserve our right to hunt.

Oklahoma Station Chapter, SCI is a 501 c (3) Charitable Status Organization

Protect the Freedom to Hunt

FINANCIAL SUPPORT TO PROTECT OUR FREEDOM TO HUNT & WILDLIFE CONSERVATION PRORAMS - Thirty percent (30%) of net monies raised by the Oklahoma Station Chapter support programs that provide for full-time staff lobbyists & biologists in Washington, DC. Sci is the only hunting organization that has full-time lobbyists & biologists working to provide sound scientific information to influence legislation and regulations that affect hunting both at the federal and state levels. **70%** of funds raised by the Oklahoma Station Chapter are used in Oklahoma for hunting-education, wildlife-conservation and humanitarian-services programs.

FINANCIAL SUPPORT TO OTHER CHAPTERS FIGHTING ANTI HUNTING REFERENDUMS IN THEIR STATES. 2008 support to Alaska Chapter to defeat a wolf referendum that would decimate ungulates (DEFEATED!).

Conservation

OKLAHOMA HABITAT DONOR PROGRAM -

- Financial support for the Hackberry Flats Wetlands project, Frederick, OK.
- Financial support for a "Quality Deer Management" program in Lincoln County, OK.

RESTORATION OF RUFFED GROUSE & PRAIRIE CHICKEN - Financial support towards restoration of ruffed grouse and Greater Prairie Chicken habitat in Oklahoma. 2009 support for Audubon Society/OSC conservation project to protect the threatened Lesser Prairie Chicken in Northwest Oklahoma in conjunction with the Lesser Prairie Chicken festival.

INTRODUCED EIGHT (8) ELK INTO THE EXISTING HERD IN SE. OKLAHOMA - Chapter financed the purchase, transportation and release of 5 mature bred cow elk and 2 mature bulls plus radio-collar transmitters for monitoring purposes. These 8 elk will improve the gene pool in the existing elk herd in SE Oklahoma which is in cooperation with the Timberline Elk Ranch, Cushing, Oklahoma, and the ODWC.

2005 AIR BOAT (18 X 8'), 502 CU. INCH CHEVROLET ENGINE 502 HP RATING WAS PURCHASED FOR OKLAHOMA DEPT OF WILDLIFE CONSERVATION USE. Over the past several years, the ODWC has worked to develop comprehensive lake-level plans supporting Japanese millet-seeding programs on Oklahoma Corps of Engineers lakes. Most of these areas are inaccessible to conventional boats due to very shallow water depths and are quite extensive in size, ranging from just a few acres to several hundred. The airboat offers a much higher degree of safety and durability, in addition to increased accessibility to the seeding areas, essential to ensuring the program's continued success.

ODWC Contributions – Since the foundation of the Oklahoma Station Chapter of SCI, over \$ 250,000 has been funded for various Wildlife Department programs either through direct funding or purchase of equipment for ODWC use.

Education

SIGNIFICANT FINANCIAL SUPPORT FOR YOUTH EDUCATION & OUTDOOR PROGRAMS – Archery in the Schools program (\$ 9,500 in 2008), Last Frontier Council - Boy Scouts of America; Eddy Eagle Gun Safety program; Make a Wish Foundation, Youth Hunter Education Challenge, & the 4H Youth Shooting Team.

OKLAHOMA DEPT OF WILDLIFE CONSERVATION COLORING BOOKS - We purchased 65,000 wildlife conservation coloring books for school children.

APPRENTICE HUNTER PROGRAM -An annual youth essay writing contest that focuses on America's hunting heritage; co-sponsored by the Okla. Dept of Wildlife Conservation. Two students in the 11-14 age category win scholarships to attend a weeklong program at the YO Ranch in Mountain Home, Texas. One boy and one girl, 15-17, each win a guided pronghorn antelope hunt in New Mexico and presentation of their mounts at the Annual OSC Awards Banquet & Charity Fundraiser.

THE AMERICAN WILDERNESS LEADERSHIP SCHOOL - Each year, our Chapter and the Okla. Dept. of Wildlife Conservation sponsor two Oklahoma educators for an 8-day experience at SCI's Granite Ranch near Jackson, Wyoming, in fields of wildlife ecology, firearm safety and shooting sports, camping, white-water rafting, stream ecology, natural resource management with a base knowledge from which to evaluate conservation efforts. They bring this training back to their classrooms to educate thousands of Oklahoma youth on the value of hunting as a wildlife management tool.

STEP PROGRAM – Okla. Dept of Wildlife Conservation's Shotgun Training Education Program ("STEP") – OSC-SCI supported this program by originally purchasing a custom built 26-foot long gooseneck equipment trailer. OSC purchased two additional trailers in 2008. These trailers carry the program's portable trap machines, firearms, ammunition, safety and gun maintenance equipment. In the past 10 years, 100,000 persons in the state of Oklahoma (65% are youth under the age of 18) have participated in STEP, learning the importance of hunting as a conservation and management tool and improving their shooting skills to ensure the humane harvesting of wildlife.

OKLAHOMA WILDLIFE EXPO – Our Chapter supports the ODWC - Wildlife Expo with significant funding and with workers. This is the biggest and the most successful comprehensive hands-on outdoor education experience and recreation event in State history. Approximately 45,000 attend annually. In 2008, OSC featured "Predators of Oklahoma" with a game for thousands of youth to identify the animals and win a prize for successfully doing so (all eventually won).

WILDLIFE HERITAGE CENTER MUSEUM, ANTLERS, OK. – Our Chapter contributed to the building of the museum/learning center in SE Oklahoma. The operation is a joint agreement of the Okla. Dept of Commerce, Okla. Tourism and Recreation Dept and the Okla. Dept of Wildlife. The facility will be utilized as a regional tourism attraction while at the same time serving as a wildlife and natural resource conservation public education center.

SAFARI IN A BOX - Safari in a Box is a K-12 education kit designed to provide exciting, hands-on learning. It gives teachers and others who work with young people resources and ideas to introduce youth to important concepts of habitat, wildlife management and impacts resulting from human and wildlife interactions. Initial SIB placement was in memory of OSC member David Rocker.

"SCI SAVES CSI" - 2009 support of OSU's "Insect Adventure", a project which teaches basic conservation principles to over 300,000 individuals in Oklahoma each year (and also contributes to the conservation of the endangered American burying beetle, a species valuable in Crime Scene Analysis).

Humanitarian Services

SAFARI-CARE – On numerous occasions, OSC members have traveled internationally and carried medical, educational and relief supplies to villages in need of support.

SPORTSMEN AGAINST HUNGER – OSC originally funded 100% of operating expenses for the program in excess of \$200,000 annual budget. OSC also managed the program State-wide for over 10 years. OSC continues to financially support this program annually, and in 2009 we supported this program with a \$ 2,000 contribution to ODWC.

SENSORY SAFARI DAY - A hands-on adventure for sightless and sight-impaired children and adults. Members loan their animal mounts for these people to see for the first time, through their fingertips, animals from around the world. The event is co-sponsored by the Okla. Dept. Wildlife Conservation, Oklahoma Station Chapter - SCI and the H&H Gun Range.

VETERANS' HUNTS – OSC organized Mid-East-Conflict veterans' hunts in conjunction with Jay Barczak of Wild Game Outfitters-Duchess Creek Ranch, Porum, OK, and in conjunction with other supporters. In 2009, three veterans were drawn from public nominations for guided elk and deer hunts complete with all accommodations. In 2010, OSC and Mankazana Safaris will present a Purple-Heart veteran the hunt of a lifetime. OSC supports our troops who protect our freedoms!

Oklahoma Station, SCI's Humanitarian, Educational and Conservation programs continue to grow and expand well beyond their humble beginnings. However, these efforts are only as successful as the support the program receives. Corporate, individual and foundational giving allows SCI and the greater membership to continually expand the scope and influence of the organization. Your contributions are essential to the health of these worthwhile projects. Please show your support of Safari Club International and all of its many worthwhile programs by generously participating in this year's Annual Banquet and Auction.

Thank You!!!

AR Hunting Consultant is committed to providing quality hunting opportunities. The outfitters that I use are experienced and well established veterans that provide excellence in the field and in the camps before and after the hunt. Honesty, knowledge, wisdom, & maturity in hunting is based on a lifetime of hunting experience, and is also based on visiting all hunting outfitter's camps and hunting concessions prior to sending anyone to their dream hunt. This is what qualifies the word consulting that makes the difference in fully preparing all hunters long before they travel.

This is the opportunity of a lifetime, especially for sheep hunters! The winning hunter will have the opportunity to hunt for Marco Polo sheep in the mountains of Kyrgyzstan. With license and permit fees of \$23,000 this hunt is a steal compared to a Marco Polo hunt in Tajikistan which may cost up to \$60,000. The hunting Season is from 15th August until 25th November & again from 7th January until 1st of March. The breeding season starts mid November until mid December.

The Marco polo sheep is a CITES import permit animal and requires a minimum of 3 month or more time to obtain the CITES permit from both countries, hunter must apply as early as possible. Usually the confirmed permits are issued in June or July.

AR Hunting Consultant is committed to providing quality hunting opportunities. The outfitters that I use are experienced and well established veterans that provide excellence in the field and in the camps before and after the hunt.

Honesty, knowledge, wisdom, & maturity in hunting is based on a lifetime of hunting experience, and is also based on visiting all hunting outfitter's camps and hunting concessions prior to sending anyone to their dream hunt. This is what qualifies the word consulting that makes the difference in fully preparing all hunters long before they travel.

An exciting mountain hunt! Our outfitter in Azerbaijan has the very best area in Azerbaijan, and most of the Tur permits in AZ. The hunting season runs from June until December 20th. Waterfowl hunting for duck and geese can be added to this exciting hunt when seasons allow.

Our area has a very good reputation for large black bears - the one time Pope & Young record for the province was killed here. Our hunts are similar to the Vancouver Island black bear hunts, producing similar size bears with excellent coats due the colder winters. As licensed BC guides and outfitters, Fawnie Mountain Outfitters offer a variety of big game opportunities in the Chilcotin wilderness of British Columbia. Our bears come in a variety of colours - black, brown and blond, with black and brown as the most common.

Our guides drive a 4x4 pickup truck to feeding areas, glassing, spot and stalk. The bears are fresh from hibernation, and their choice of feed in the area is green shoots, clover, and dandelions. With our camps on lakes with floatplane access, we are able to pick up hides soon after the kills, so that we can freeze them without any danger of spoilage. Rainbow trout are plentiful at the camp and at the lodge.

This hunt includes one bear for winning bidder and discounted rates for a guest., transportation for Prince George to lodge, floatplane from bear camp to fishing lodge at Moose Lake you have successfully hunted your bear. Each hunter can take a second bear for \$1175 (includes trophy fee and extra tag). Bear hides can be delivered to local taxidermist or frozen for the hunters to bring home on their flights.

Without question, our red stag hunt in Scotland is at the top of the list of the most exciting and exceptional hunting values that we at International Adventures have put together in the thirty plus years we have been taking people big game hunting. Our continual search for outstanding opportunities has enabled us to acquire the hunting rights on some of the best estates in all of Scotland, where head game keepers highly manage the harvest of their animals, offering our clients guaranteed shooting opportunities at mature stags.

Our package includes your round-trip airfare from your nearest major international airport to Edinburgh, and all airport transfers. Our hunters are housed at the luxurious Lands of Loyal, an 18th Century duke's estate, that serves some of the best meals you will find anywhere in the world. Your hunt includes the harvesting of one hill stag. These are stags that have been born and raised in the high Scottish heather and are allowed to reach maturity that enables them to sport a nice set of antlers.

Once your red stag is harvested, additional time may be spent hunting roe deer, fallow deer, sika deer, pheasant, partridge, ducks, geese, hares, and rabbits well as possibly doing some touring, seeing some of the historical sites and castles so famous in Scotland. Many of our clients also add on other exciting hunting opportunities such as hunts in England for muntjac, Chinese water deer, Pere David deer, hog deer, sika deer, and other animals offered in that region of the UK

LEGEND (lej-end) is a narrative of human actions that are perceived both by teller and listeners to take place within human history and to possess certain qualities that give the tale verisimilitude. Legend, for its active and passive participants, includes no happenings that are outside the realm of "possibility", defined by a highly flexible set of parameters, which may include miracles that are perceived as actually having happened, within the specific tradition of indoctrination where the legend arises, and within which it may be transformed over time, in order to keep it fresh and vital, and realistic.

Legend Waterfowl isn't just another guided hunting trip. We know that it's not all about the hunting as much as it's about the time we get to share with friends and family while enjoying a great hunt. We spend thousands of hours making sure that your experience is a LEGEND.

For the ultimate in Decoying action, look no further than Legend Waterfowl! Our professional guides pride themselves in putting the birds in your lap. Hard scouting and preparation ensures your hunt will be a legend! We hunt Canada's, Snows, Ross, Blues, Specs. and all types of ducks including Puddlers and Divers.

No matter your choice of hunting preference. If your looking for a legendary hunting experiences that you will be passing on to the rest of your family and friends for years than make Legend Waterfowl your next destination.

Every year as sportsmen we look for new opportunities and friends to enjoy our Oklahoma Outdoors. The problem of course is finding the area, the contact and sometimes the required tools or skills. Well, this year the OKSSCI Board of Directors has come to the rescue. The winner of this item will take the empty truck seat of an Oklahoma hunter, huntress, fisherman, outfitter or other (we tried to get bigfoot on the line but he hasn't called back yet ☺). The winning bidder will hunt:

Geese with Hugh Bereman (SCI President) January 2014 – West Central Oklahoma
Turkey with Dennis Bradshaw (Retired Veteran - SCI Member) Apr/May– North Oklahoma
Predator with Network Larry (SCI Vice President) – Jun/Jul - North Central Oklahoma
Fall Turkey One of the BOD – Check with Network Larry – Oct/Jan
Dove (One of the BOD) – Check with Network Larry----- Sep/Oct
Antelope Archery - (One of the BOD) – Oct - Panhandle Oklahoma
Fall Turkey Jedd Crabb – (SCI BOD) – Oct/Jan – South West Oklahoma
Whitetail Buck with Samantha and Josh Jones (SCI BOD) – Oct/Jan S E Oklahoma
Ducks with Dennis Bradshaw (Retired Veteran SCI Member) Oct/Jan– North Oklahoma
Whitetail Does with Network Larry (SCI Vice President) – Dec – West Oklahoma
Wild Hogs with Scott Holmes (SCI Past President) – All Year – North West Oklahoma

Hunting partners may change as allot of us cross game, and life happens, so the entire group will be an option for each trip in case. Heck, the winning bidder may actually want the slotted person to come to their honey hole for their favourite season ☺ It's all about FUN and seeing this Great State and its plethora of hunting opportunities!

OKLAHOMA DEPARTMENT OF WILDLIFE CONSERVATION

[FISHING](#)[HUNTING](#)[CAREERS](#)[EDUCATION](#)[LAWS & REGS](#)[LICENSE](#)[WILDLIFE & LAND MGMT.](#)[FACTS & MAPS](#)

February 8, 2013 (edited to fit the page format)

A service of the Oklahoma Department of Wildlife Conservation

Wildlife Commission approves new rules while withdrawing, rejecting and amending others

The actions taken by the Commission come after a wave of feedback received during a public comment period held by the Oklahoma Department of Wildlife Conservation from Dec. 3 to Jan. 11. The Wildlife Department received thousands of comments on the list of law change proposals up for consideration this year. Officials confirmed that input from the public always plays an important role in the decision-making process, but this year sportsmen were especially vocal on certain issues.

"People in Oklahoma take their hunting and fishing very seriously," said Alan Peoples, chief of wildlife for the Oklahoma Department of Wildlife Conservation. "And they're passionate, and we heard them."

Every year, feedback collected during the official public comment period plays an important role in the process. This year, one proposal was withdrawn that, had it been approved, would have restricted hunters' annual antlered deer limit to one buck during muzzleloader and gun seasons combined. With no changes made to the current rules, hunters will continue to be allowed two bucks as part of their combined season limit that spans archery, muzzleloader and gun seasons.

Bolton said nearly 400 comments were received on the bait transportation proposal alone during the public comment period, and that the amendment was made after "careful consideration of all the comments and biological considerations."

In other business, the Commission heard a presentation on the Wildlife Department's new scholastic shooting sports program, which is being added to a suite of other outdoor education programs currently offered to schools by the Department. Through the program, educators and instructors at certain schools and FFA organizations will be trained and certified by the Wildlife Department's Shotgun Training and Education Program (STEP) to implement the program in their schools. Students who receive the training will have the opportunity to learn safe gun handling as well as recreational and competitive shotgun shooting.

The shooting sports program will initially be piloted in 20 pre-selected schools that already participate in either FFA shooting sports or the Department's outdoor education suite, which includes the Archery in the Schools, Hunter Education, Explore Bowhunting and Fishing in the Schools programs.

Participating schools will receive a grant to help purchase equipment for the program, thanks to a partnership with the Oklahoma Station Chapter of Safari Club International, which donated \$20,000 to kick off the pilot program.

"Through this program we are hoping to build camaraderie like students would in any other school sport, as well as build outdoor skills and foster appreciation for the outdoors in our youth," said Damon Springer, STEP coordinator for the Wildlife Department.

According to Springer, another goal of the program will be continuing to provide support for the FFA sporting clays program.

Early surveys of educators involved in the Department's outdoor education programs indicate interest in the scholastic shooting sports program is high among schools, and the Department plans to expand the program after the pilot year.

The Department's other education programs have enjoyed significant growth and expansion into schools in recent years, such as the Archery in the Schools Program which has grown over a 10-year period from its original 10 pilot schools to about 400 schools across the state that participate today. The Hunter Education program, which has educated tens of thousands of sportsmen over the years and is credited for a reduction in hunting-related accidents in recent decades, has been and continues to be used widely as in-class curriculum in Oklahoma schools, and the Explore Bowhunting program builds on the Archery in the Schools program by focusing on the hunting aspect of the sport of archery. Also, the Fishing in the Schools program implements the Wildlife Department Aquatic Resource Education program to teach students in schools about fishing for recreation and conservation.

To learn more about how educators and schools can become involved with the Wildlife Department's outdoor education suite, contact Colin Berg, education supervisor for the Wildlife Department, at (918) 299-2334.

The Commission also heard a presentation from Richard Hatcher, director of the Wildlife Department, recognizing Lt. Frank Huebert, game warden supervisor stationed in Major Co., for 35 years of service to the Wildlife Department, and Charmion Rose, payroll and benefits specialist for the Department, for 20 years of service.

The Wildlife Conservation Commission is the eight-member governing board of the Oklahoma Department of Wildlife Conservation. The Wildlife Commission establishes state hunting and fishing regulations, sets policy for the Wildlife Department and indirectly oversees all state fish and wildlife conservation activities. Commission members are appointed by the governor and confirmed by the Senate.

The next scheduled Commission meeting is set for 9 a.m. March 4, at the Oklahoma Department of Wildlife Conservation headquarters (auditorium), located at the southwest corner of 18th and North Lincoln, Oklahoma City.

The APHA Andre de Kock Award

This very special and sentimental Award is sponsored by *Andre's daughter and son in-law CLAIRE* and *JONATHAN HOWELLS* and friends *TIM HOARE* and *MIKE MILLER* in memory of APHA life-member Andre de Kock who was tragically killed by poachers on February 18, 2011.

Andre's personality and character was incomparable; his love for life, people and hunting was infectious; his ability, ethic and attitude were impeccable.

This award is given echoing Andre's personality, to a PH who you would cross the street to say hello to, stop to buy a drink for, laugh with until your cheeks hurt. When the members' vote for the winner of this award they vote for "their PH", who also through ethical hunting and hunting practices upholds the reputation of the African Professional Hunters Association.

The prize is a .375 Kimber, with Tally QD ring mounts, Leopold scope and Americase gun case.

2012 winner PH Cliff Walker

In 2012 Cliff Walker hunted with Veteran Marine scout sniper Aaron Howell (26). While on Patrol in Afghanistan Aaron stepped on an IED ultimately losing both legs above the knee, a lot of forearm muscle and all his fingers save for his trigger finger and thumb.

Through the help and generosity of several of Cliff's clients, as well as Doug Stien and Johnny Vivier Safaris, Aaron's dream of hunting Africa was soon a reality. But with one condition agreed between them all - no animal would be taken from a car. Cliff agreed to carry Aaron on his back for each stalk, not thinking that Aaron was still 140 pounds. (You'll notice the wording for this award (in the reason this award is given it) doesn't say anything about being smart, isn't t that right big guy?).

Once the game was spotted Cliff would jump off the truck and Aaron would climb on his back, Johnny would lead and Doug would carry the rifle. Cliff would have to be bent over most of the time, just watching Johnny's feet for direction. Once within range Doug would put a cushion down and Cliff would kneel on it to off load Aaron. With the gun on a tripod Doug and Cliff would sandwich Aaron from the side to hold him up, and Johnny would talk him through the shot. The longest hike was about 3 km over hills and down riverbeds for a Gemsbok; the longest shot was 460 yards on a Springbok.

Cliffs' back took a real hammering but with the help of painkillers and respect for Aaron he kept going. Cliff said, "You look at him and one has to say, how can I give up on this guy?".

Aaron took Gemsbok, Eland Greater Kudu, Hartebeest, Zebra, Blue and Black Wildebeest, Springbok Warthog and Impala.

A.P.H.A. are proud to have Cliff Walker as a member and he is fully deserving of this award, and A.P.H.A. not only congratulates Cliff, but also Marine scout sniper Aaron Howell, Johnny Vivier and Doug Stien for still hunting with the highest standard of Ethics, even against the odds.
